German youth say they can't  
believe the Bible because  
science contradicts the Bible.

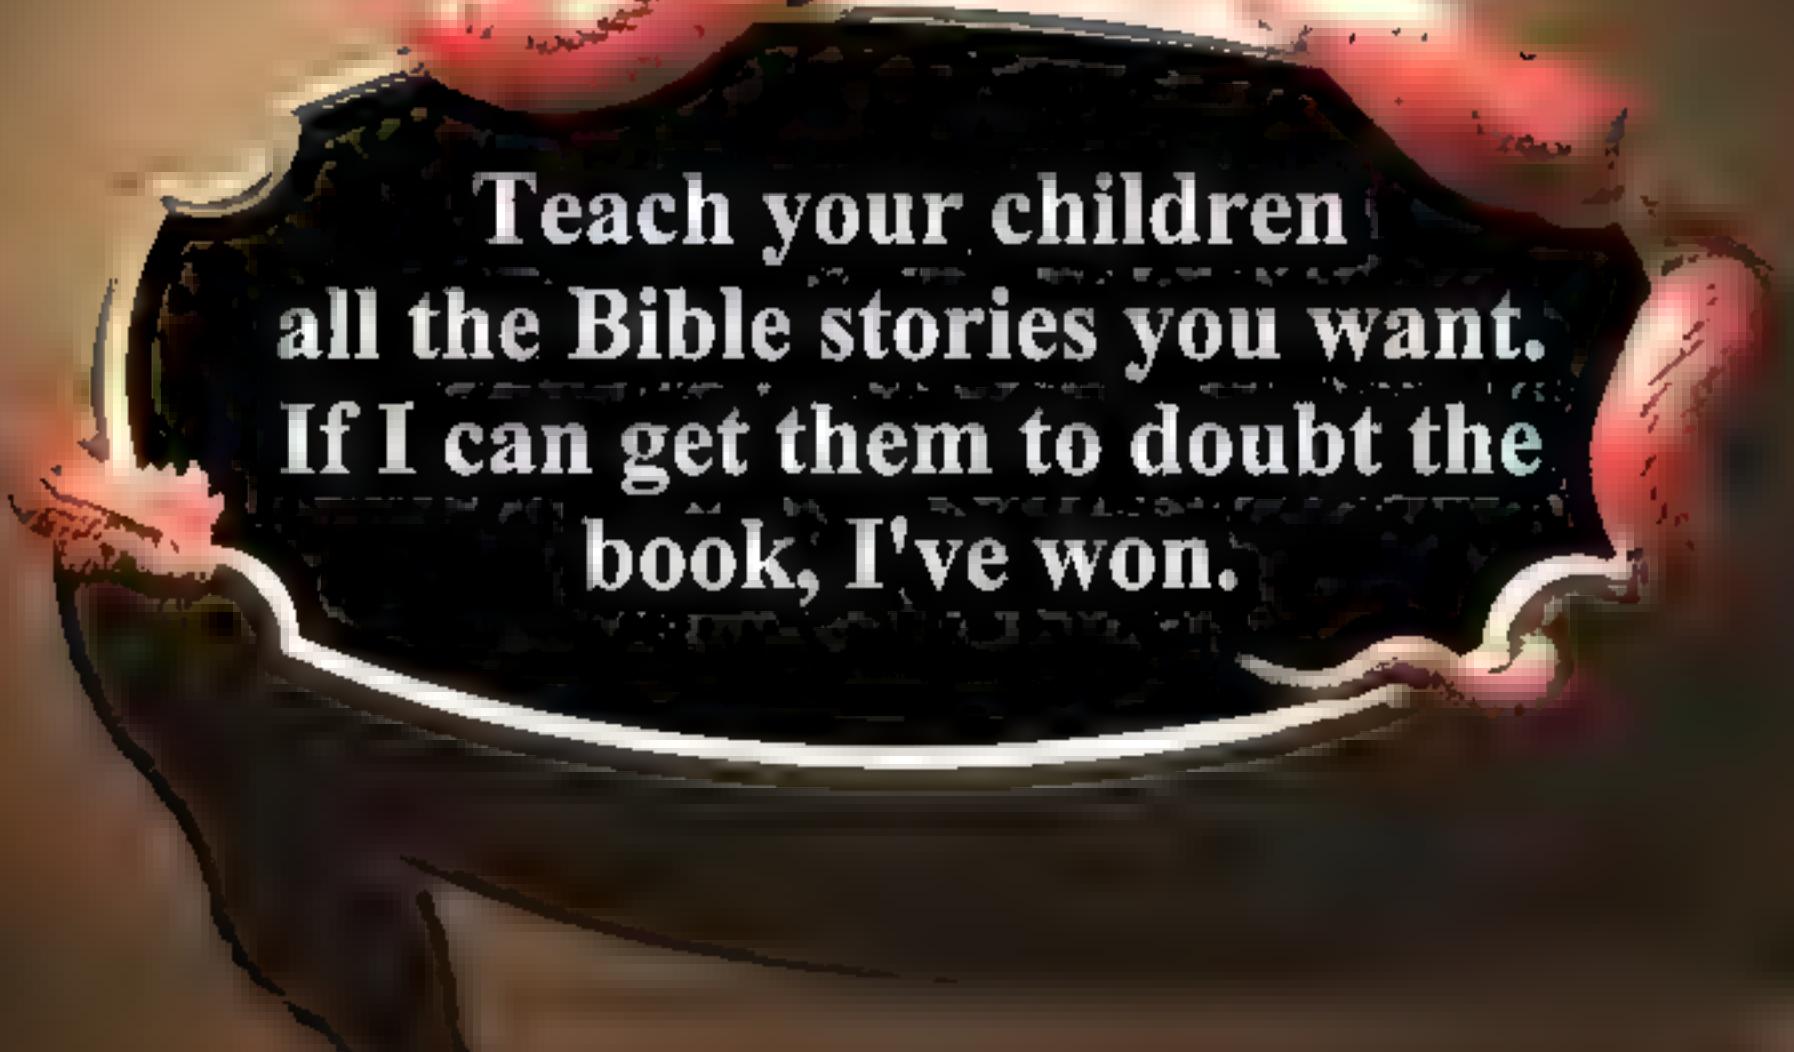

For years in the government  
school system they are taught  
“billions of years”

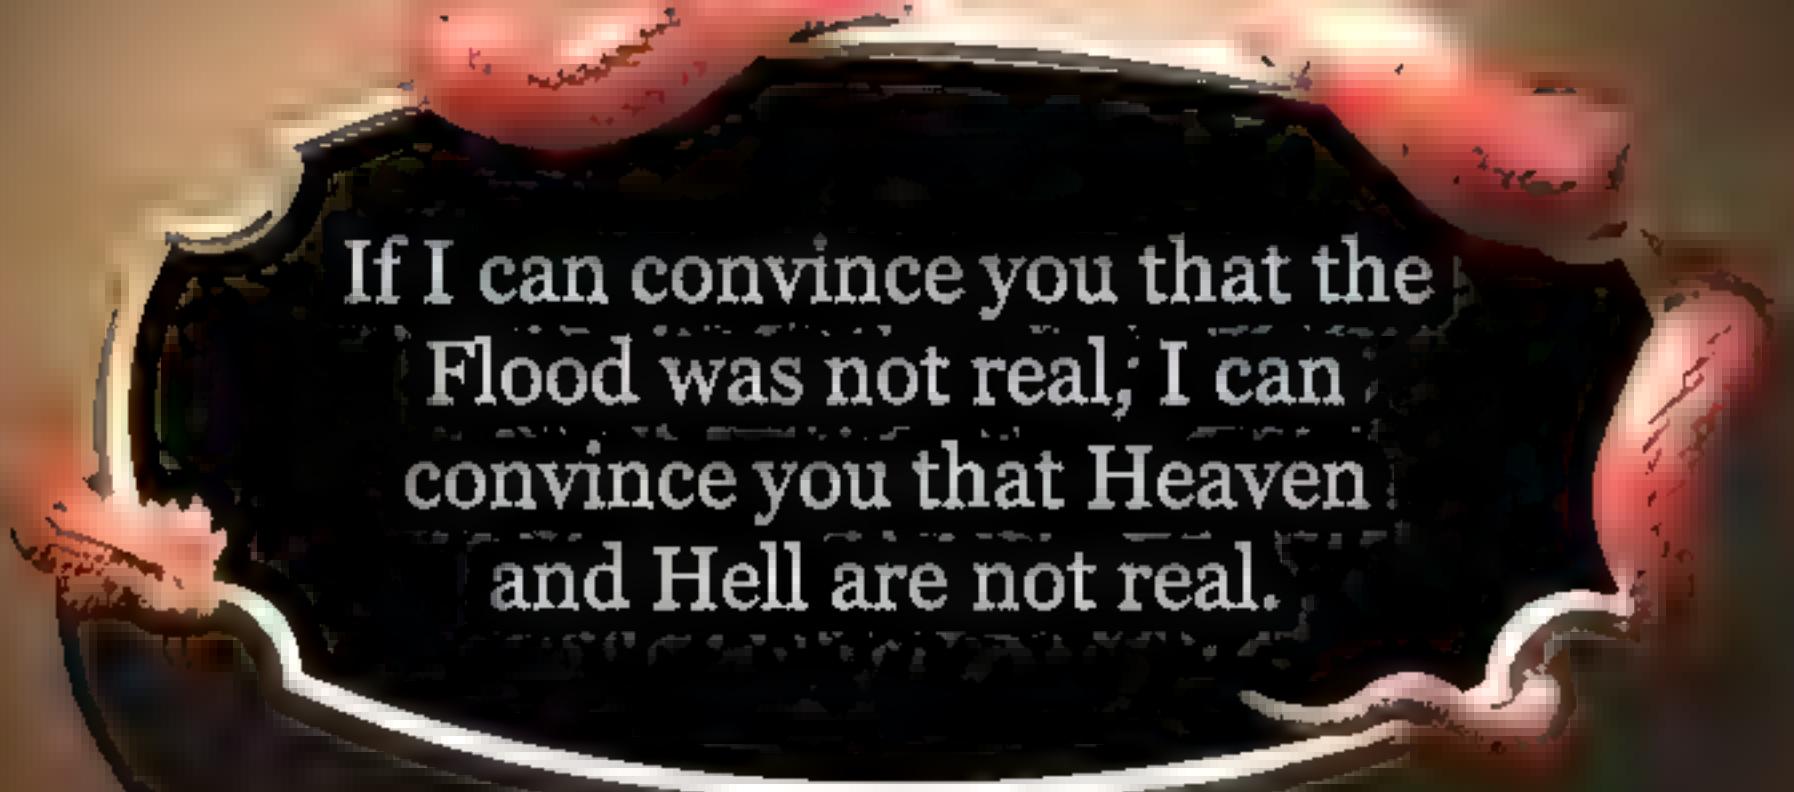

They never hear the science of  
the Bible in the schools!

A dark, moody photograph of a man in a white lab coat and a blue surgical mask. He is holding a clear test tube in his right hand, looking down at it intently. His left hand rests on a surface, with fingers spread. The background is dark and out of focus.

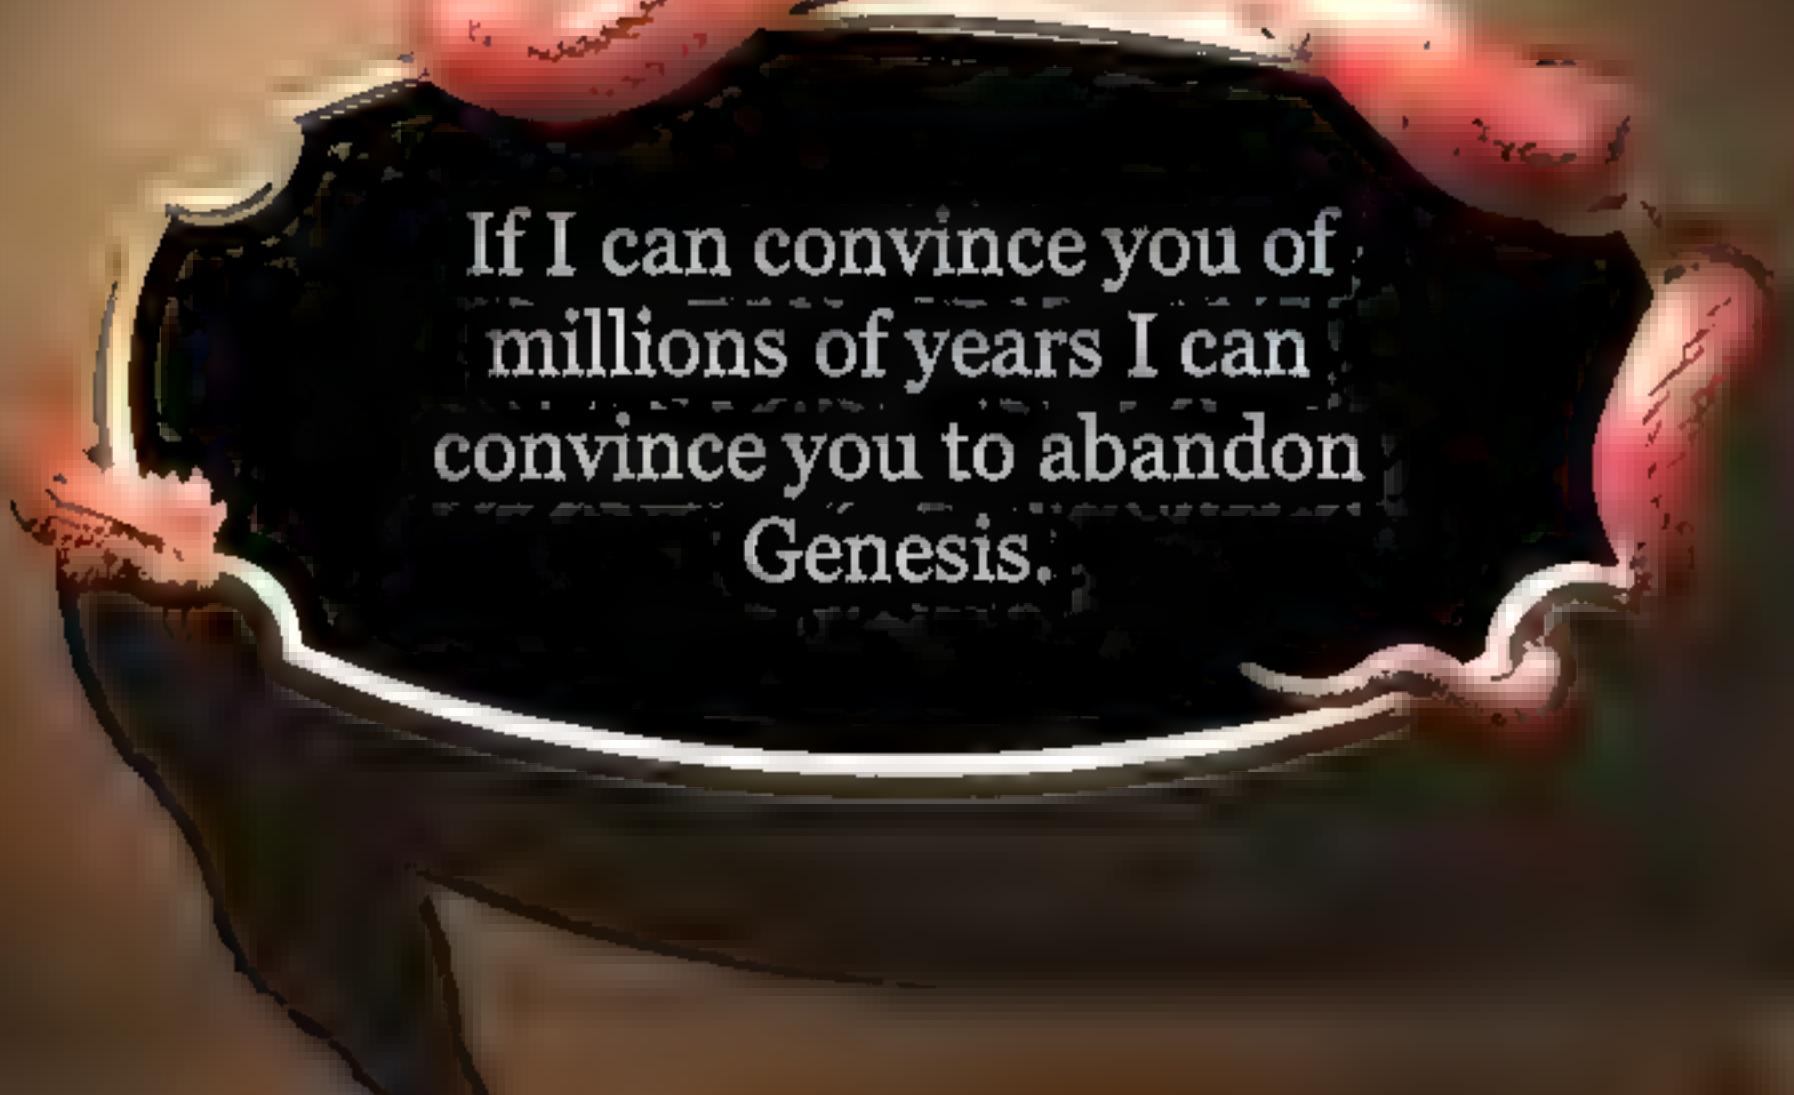

They say they won't believe  
the bible because science has  
'proven' the bible wrong.

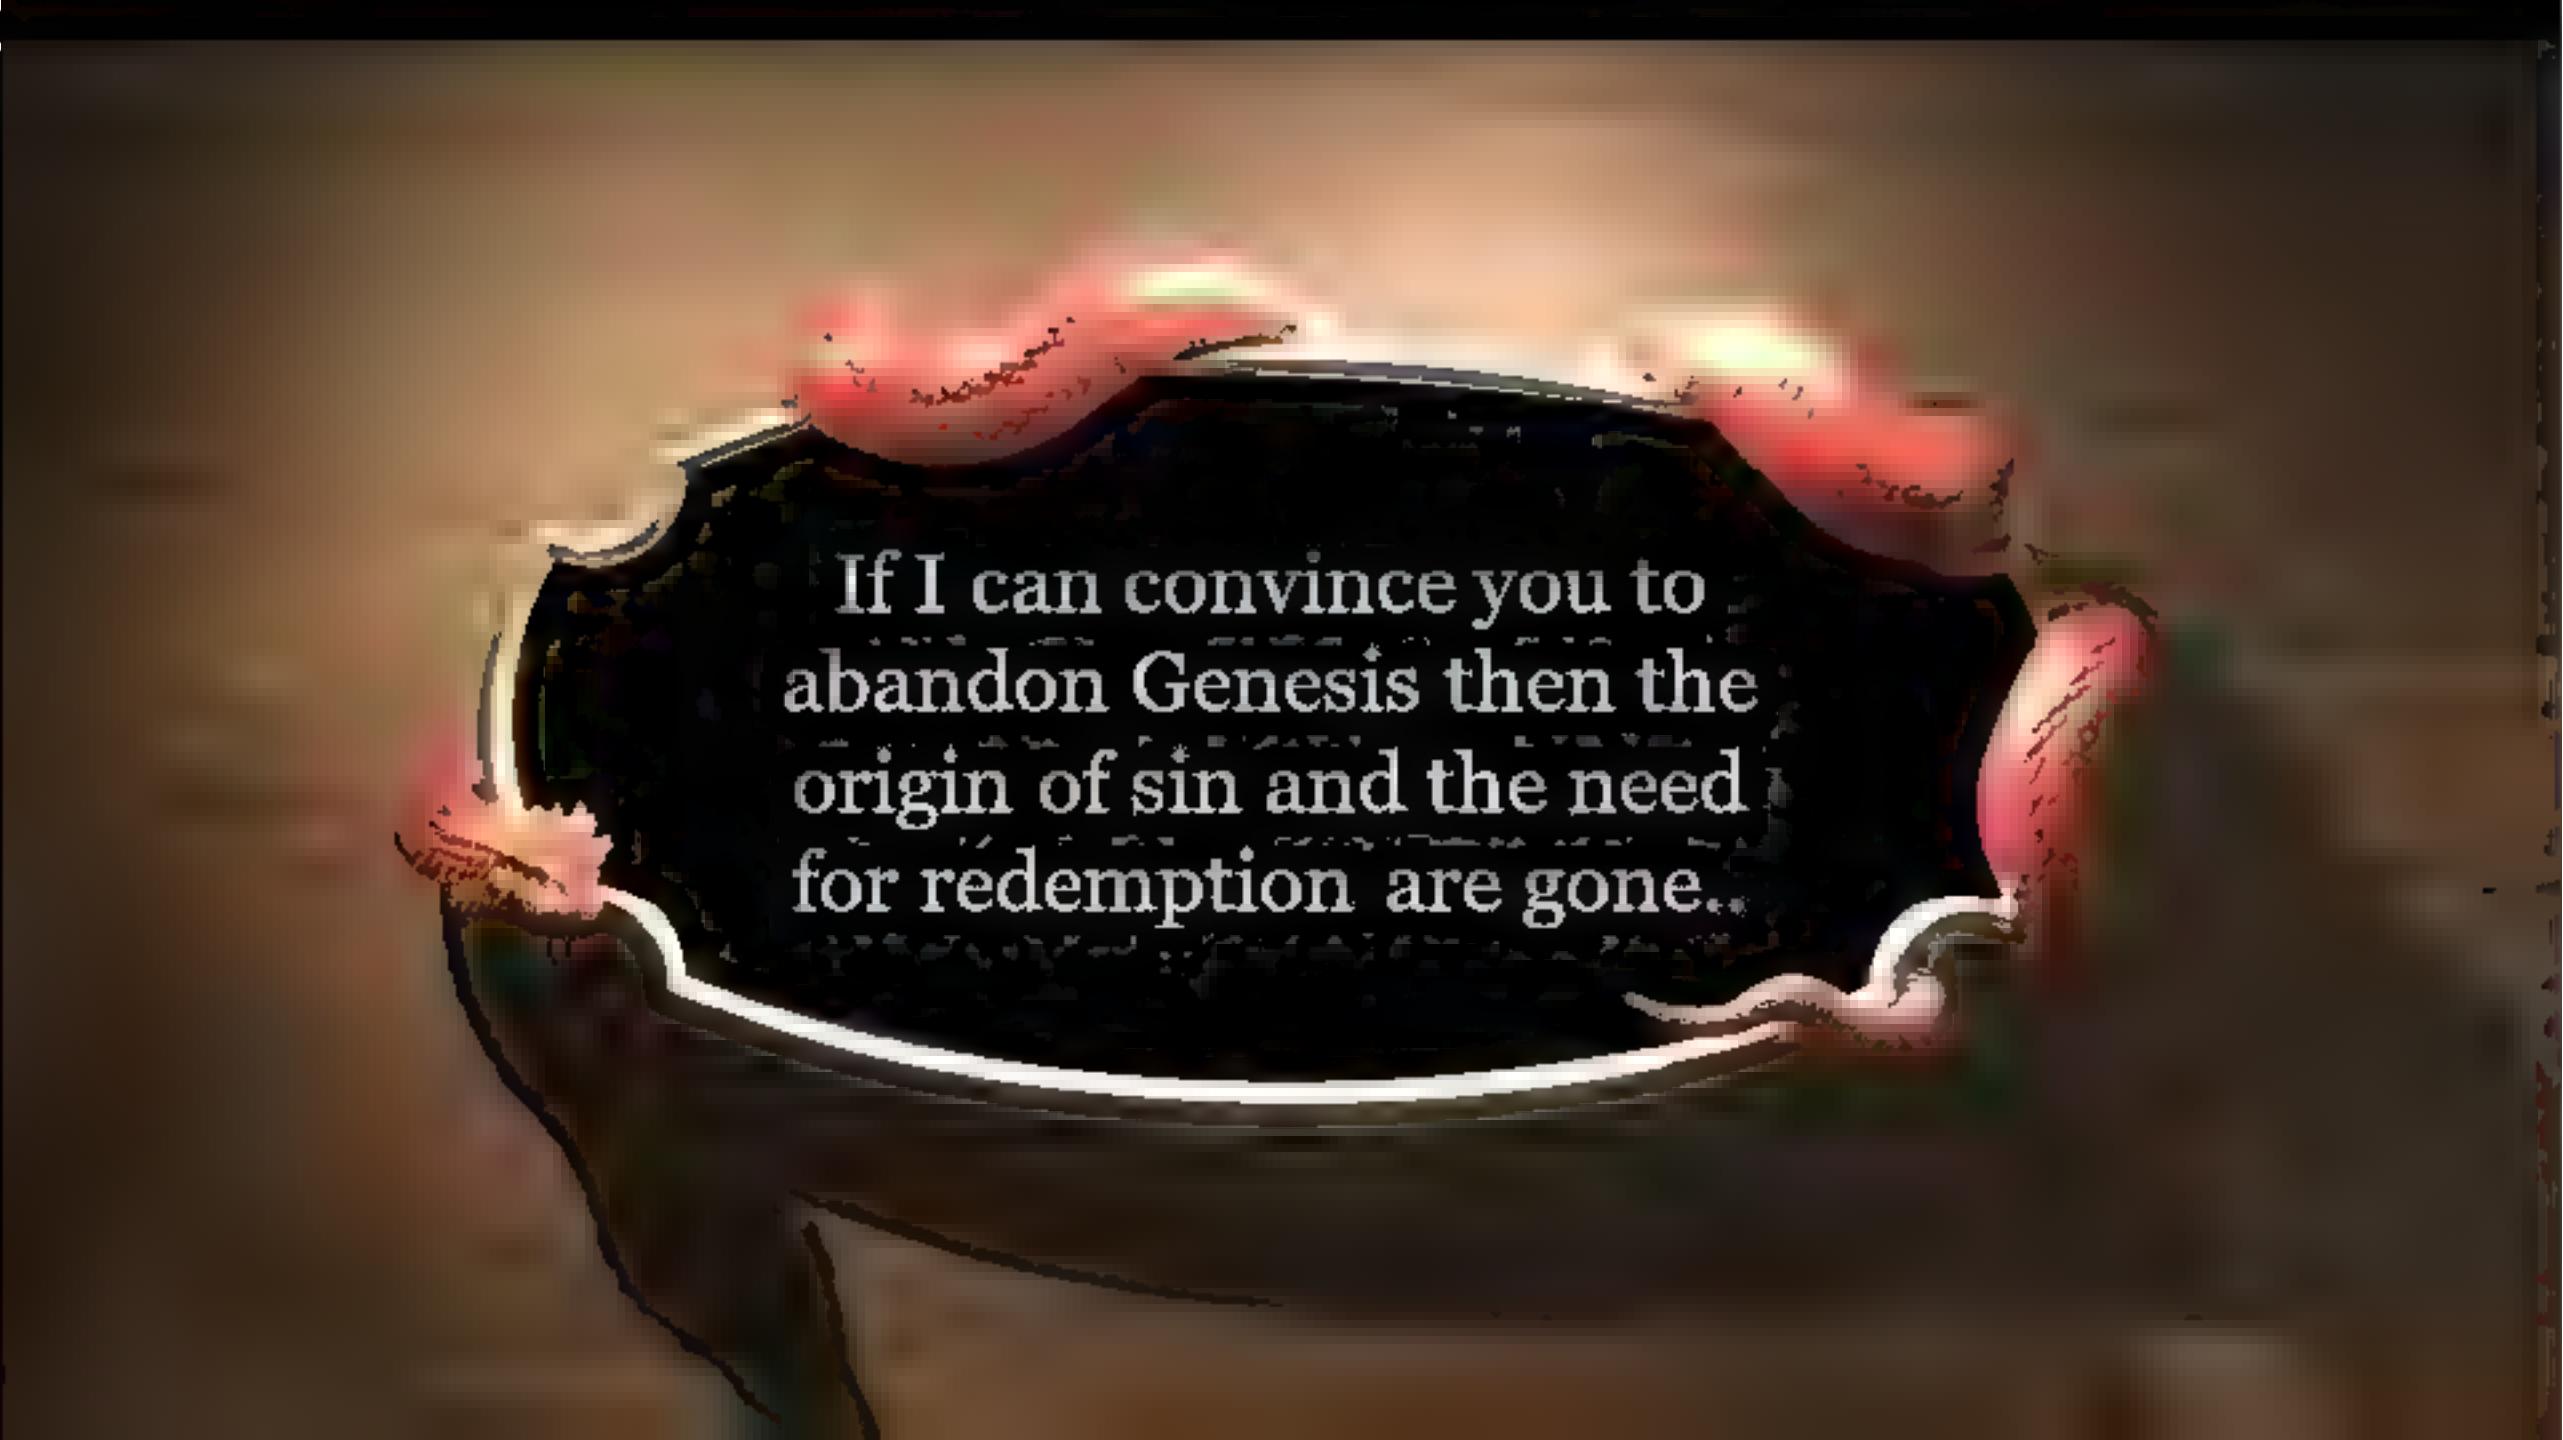

**Teach your children  
all the Bible stories you want.  
If I can get them to doubt the  
book, I've won.**

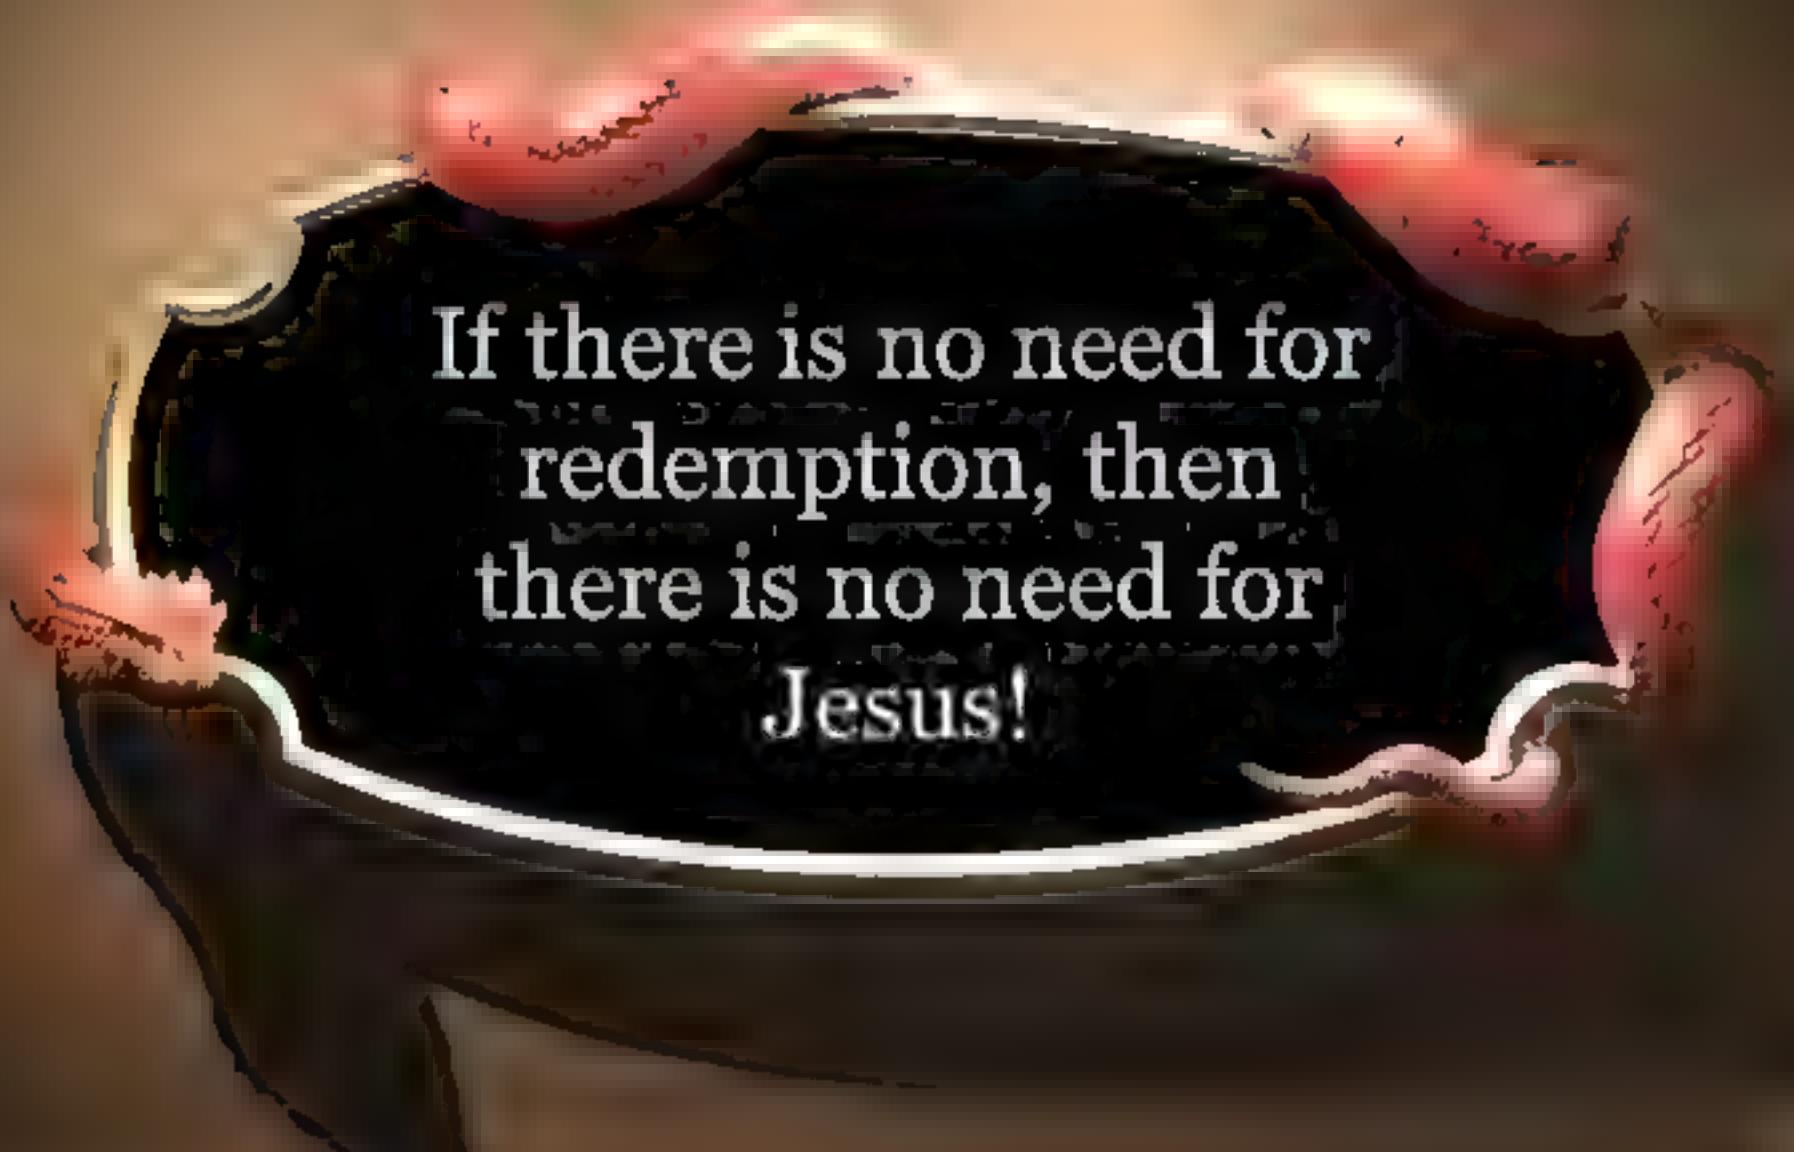

If I can convince you that the  
Flood was not real; I can  
convince you that Heaven  
and Hell are not real.

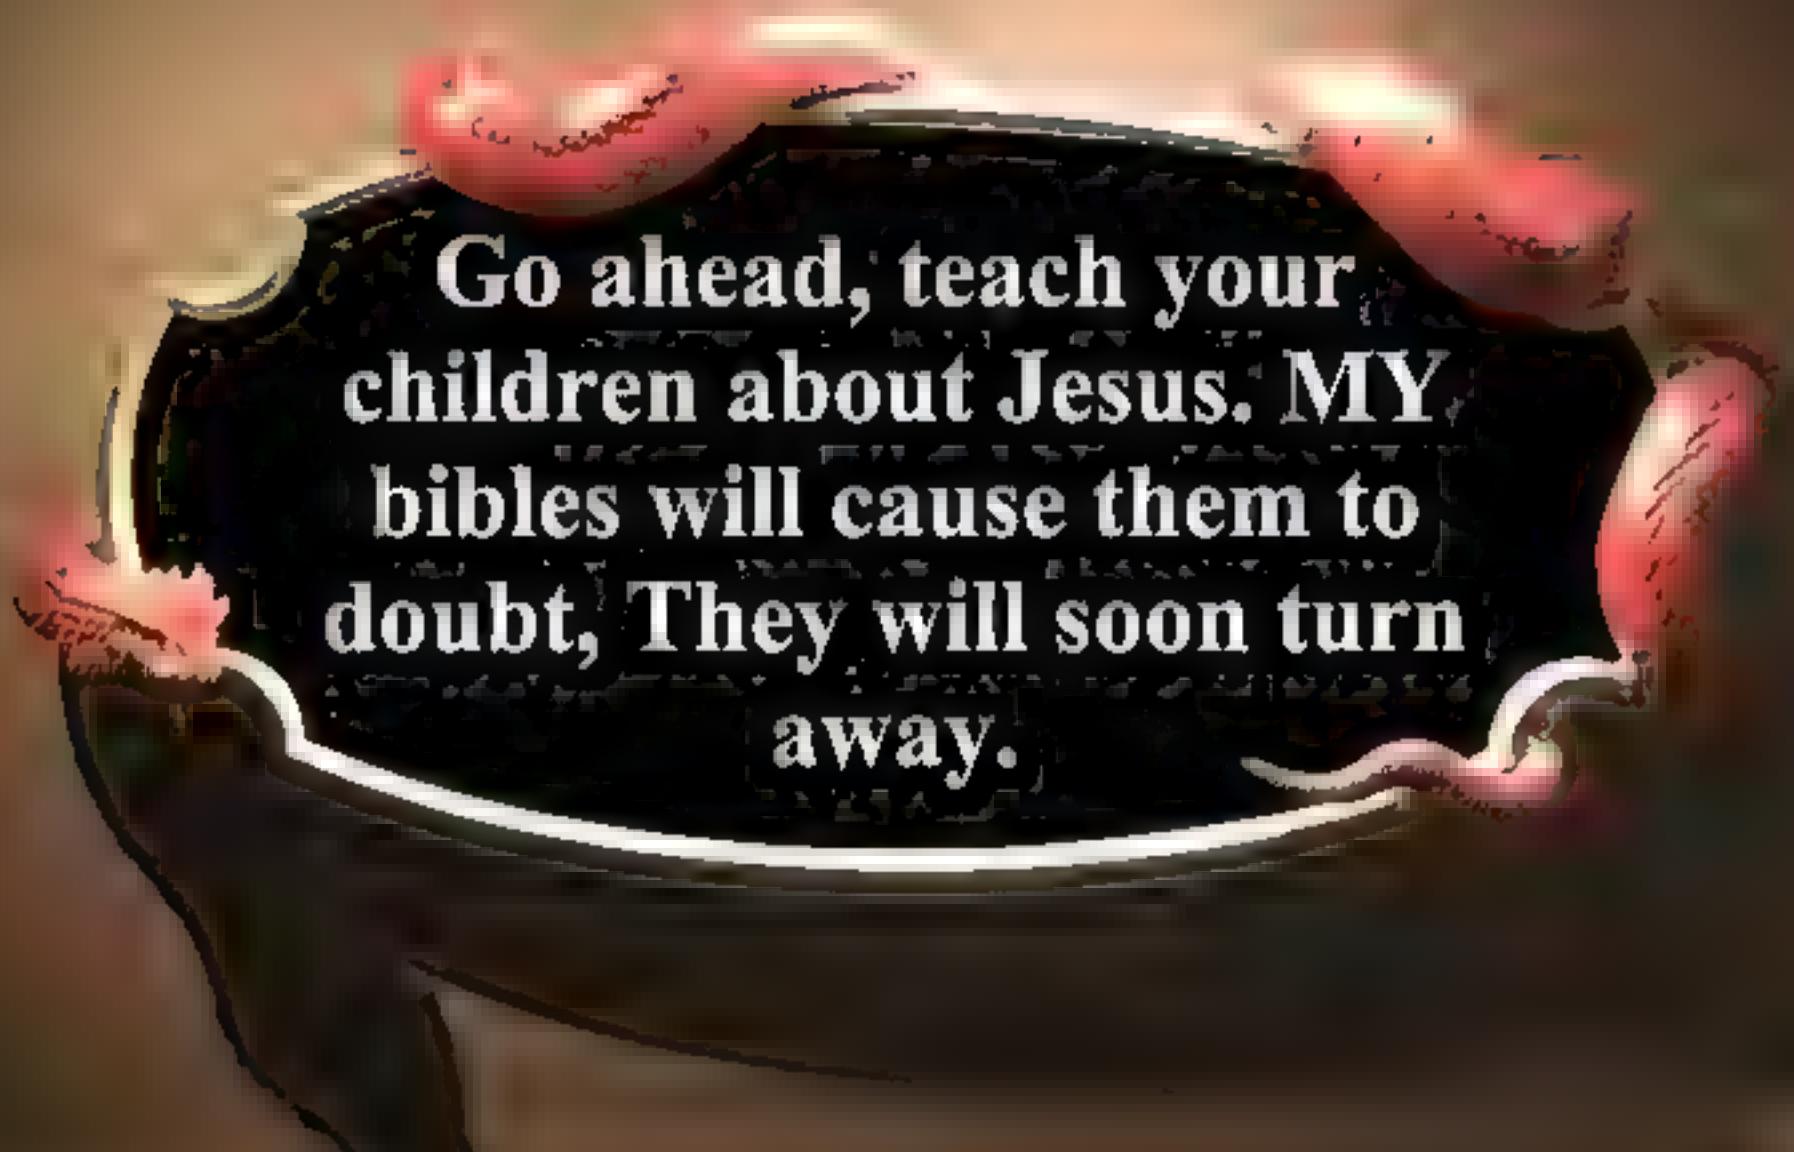

If I can convince you of  
millions of years I can  
convince you to abandon  
Genesis.

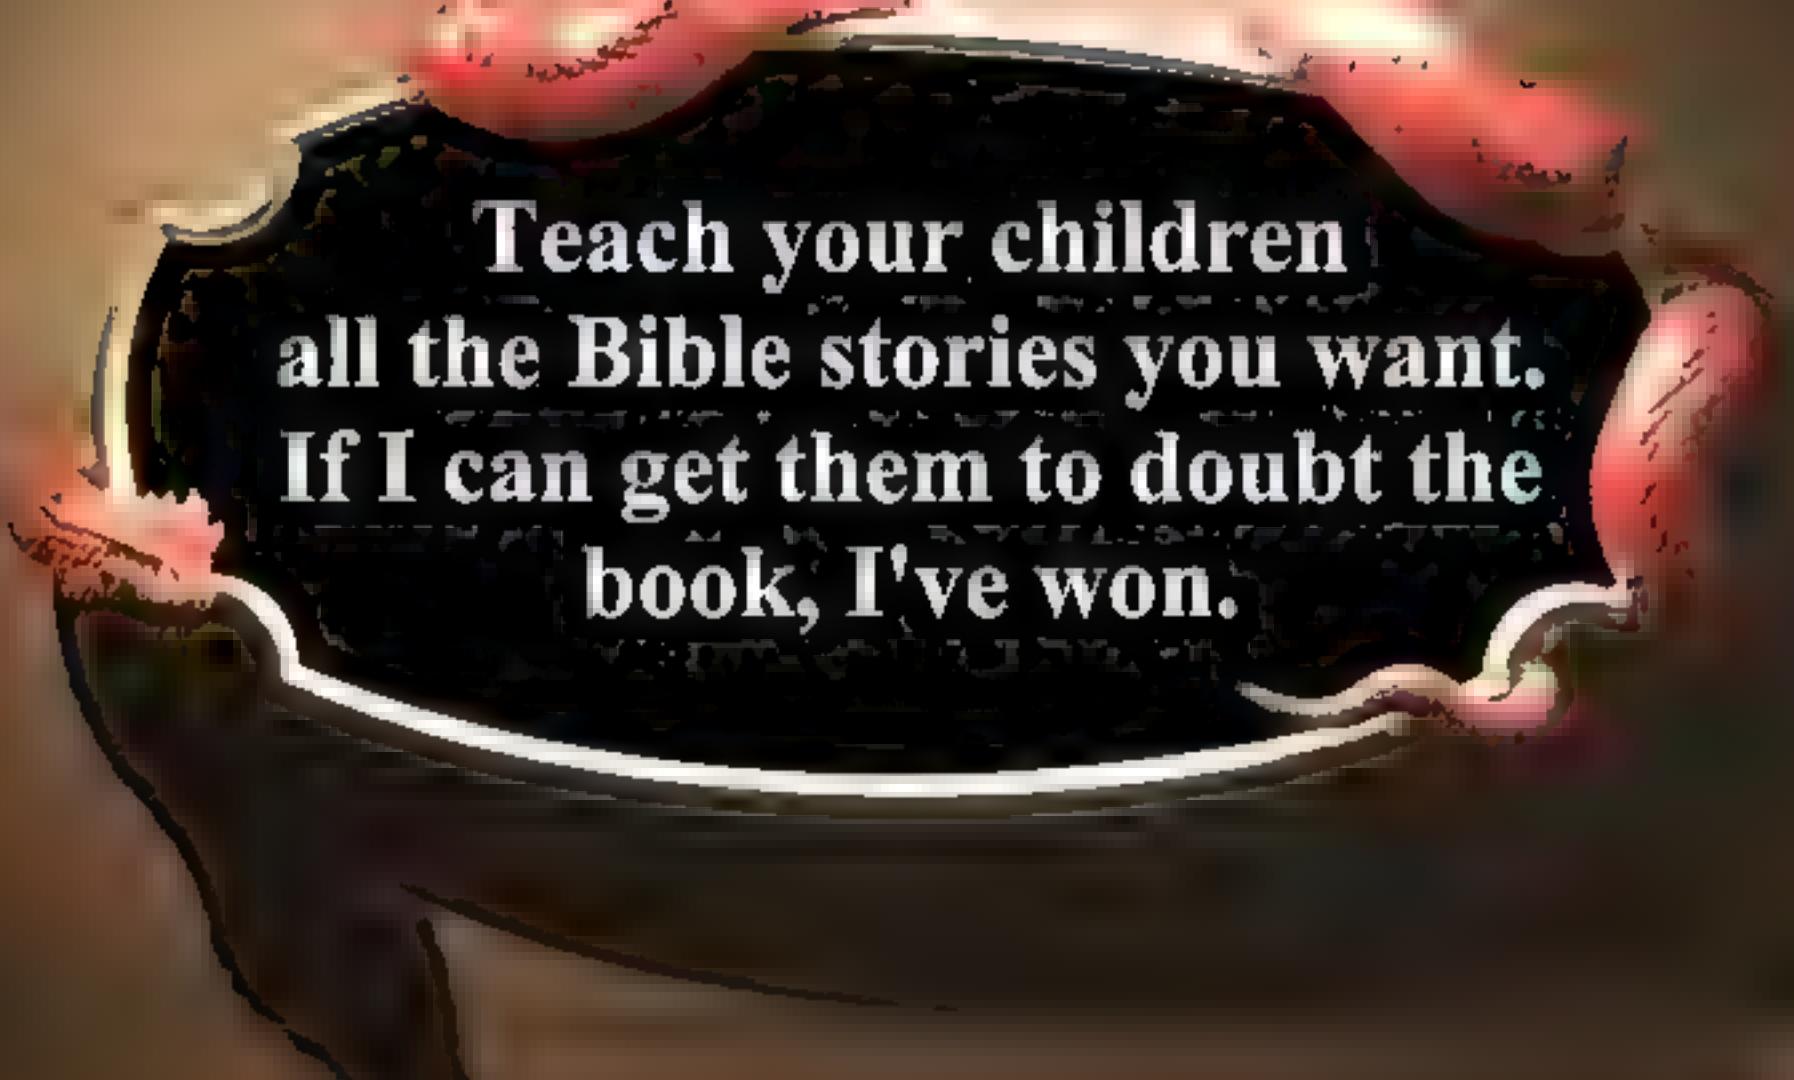

If I can convince you to  
abandon Genesis then the  
origin of sin and the need  
for redemption are gone..

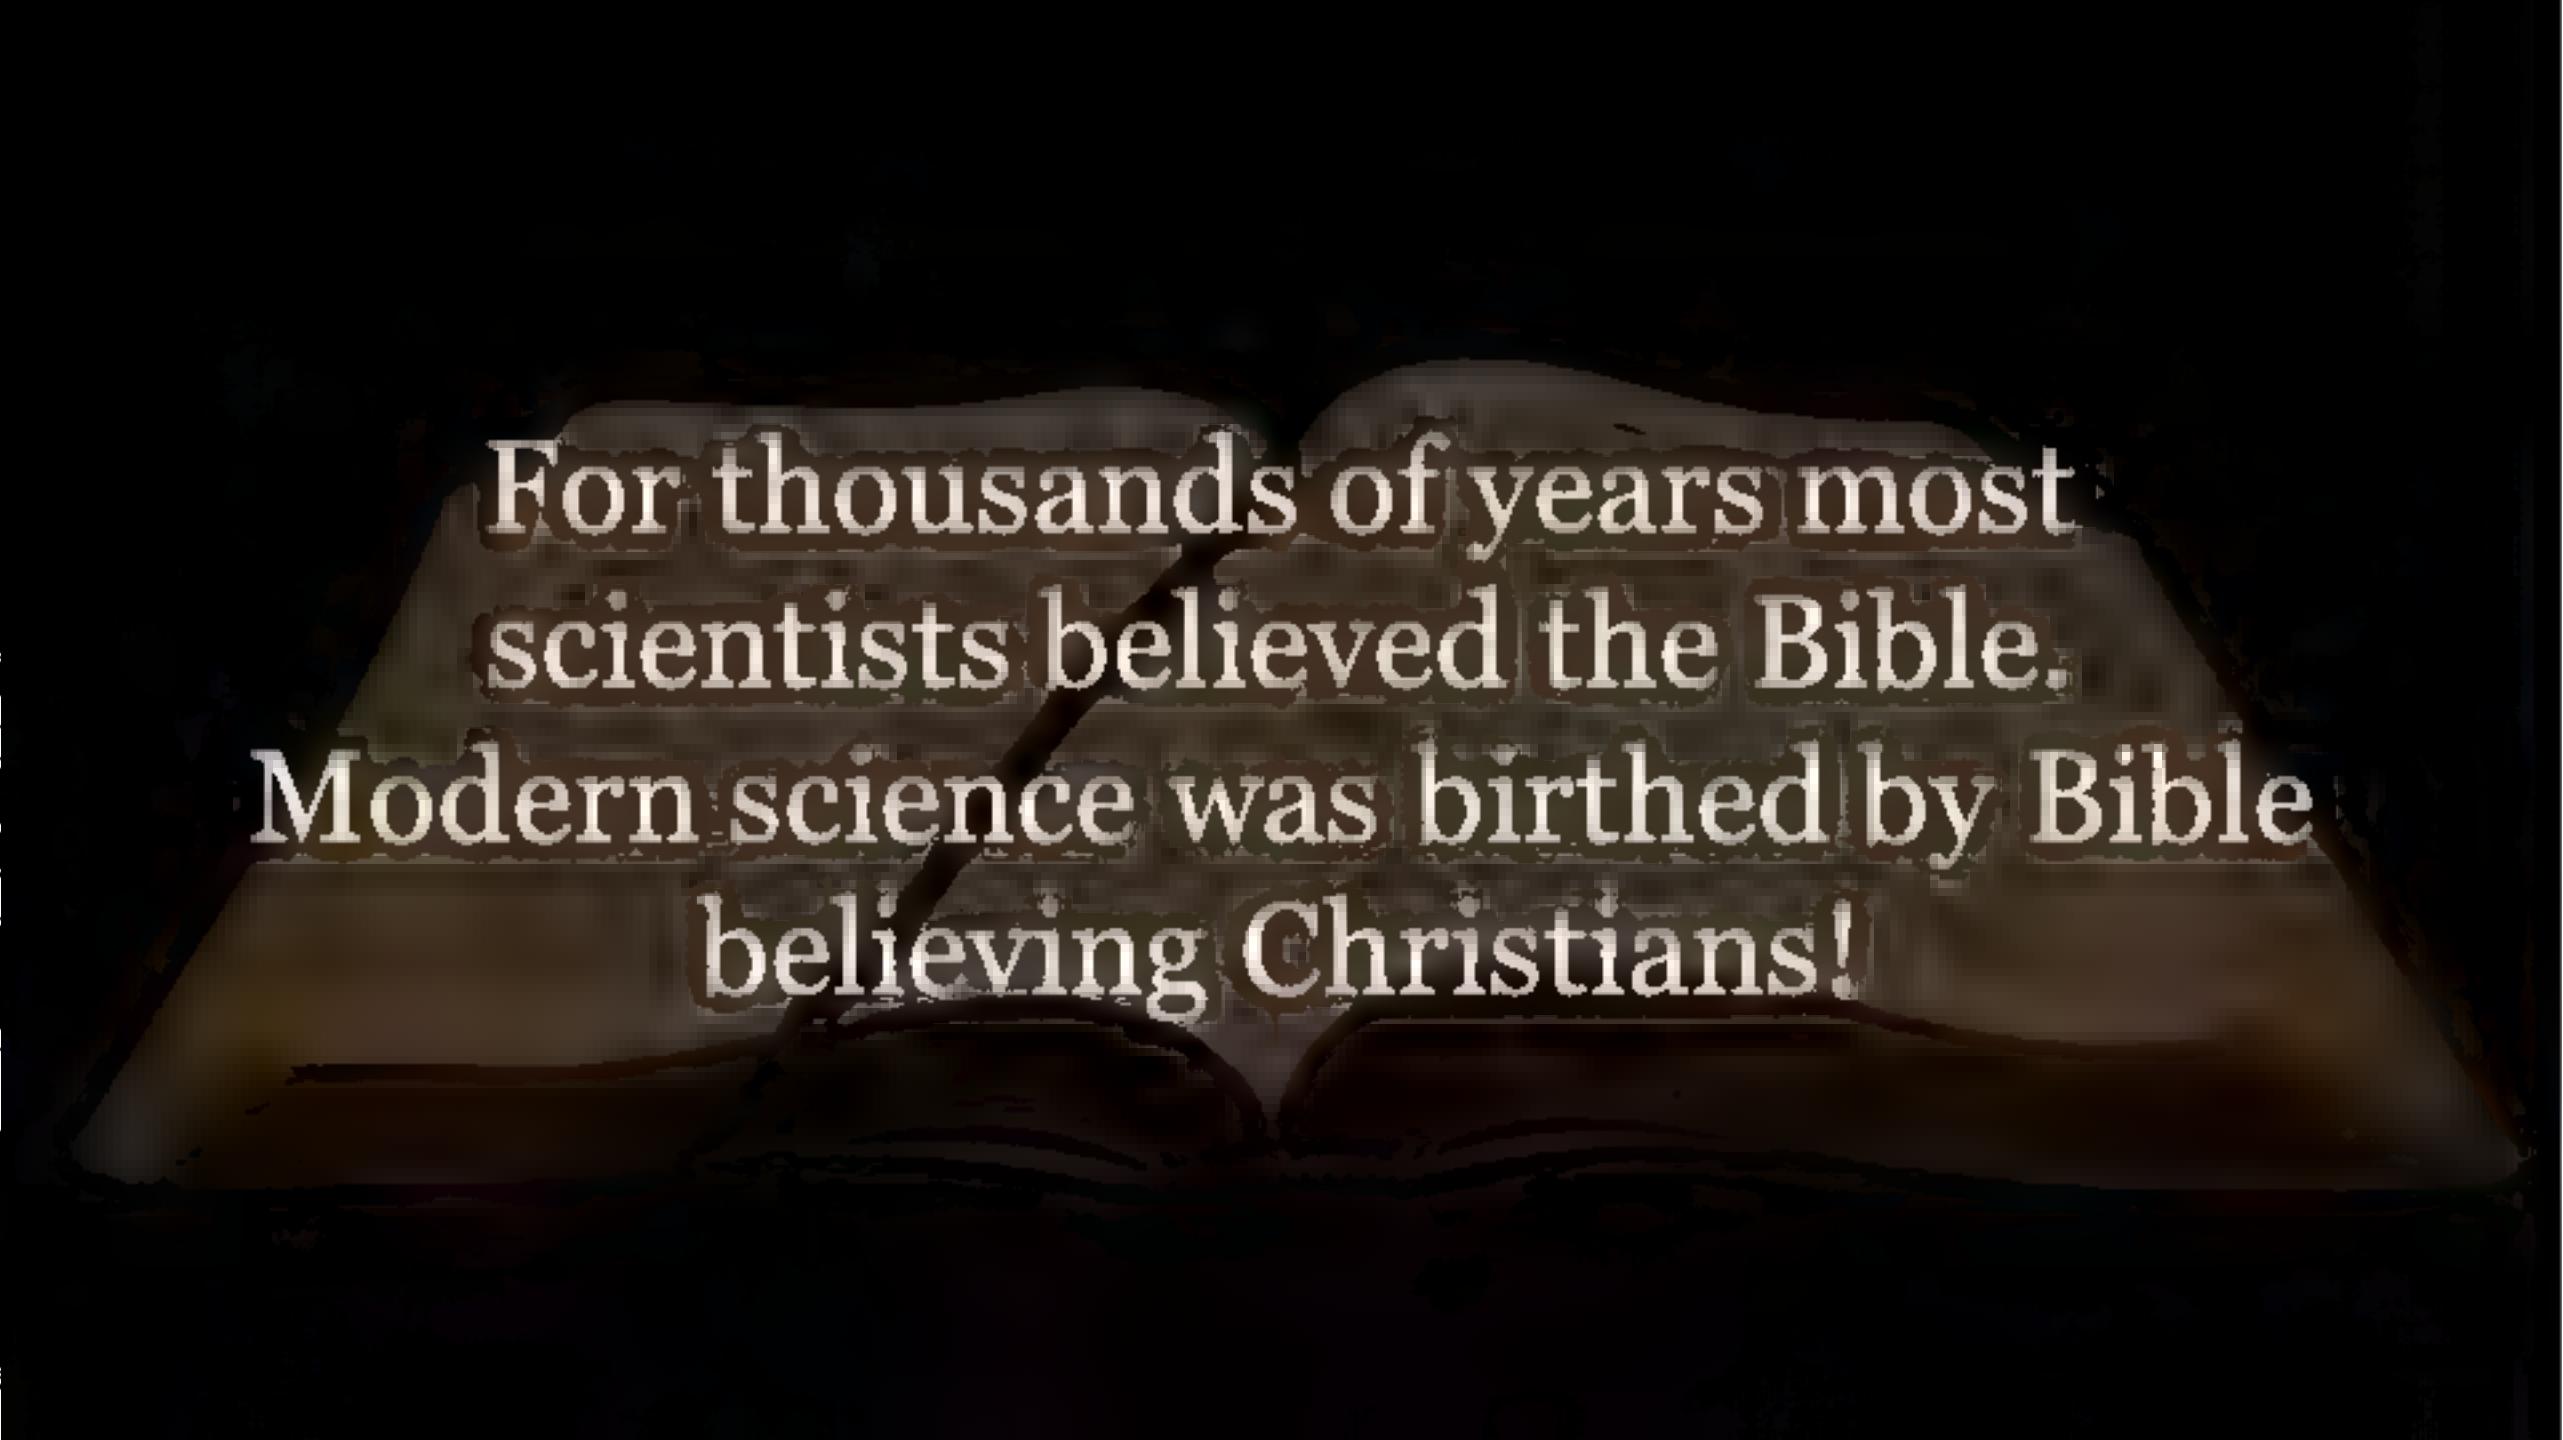

If there is no need for  
redemption, then  
there is no need for  
Jesus!

**Go ahead, teach your  
children about Jesus. MY  
bibles will cause them to  
doubt, They will soon turn  
away.**

**Teach your children  
all the Bible stories you want.  
If I can get them to doubt the  
book, I've won.**

For thousands of years most  
scientists believed the Bible.  
Modern science was birthed by Bible  
believing Christians!

agreed, as there were yet to be drawn from the bronchial vessels of the lungs, to us the doctor bleeding, when about thirty-two ounces of blood had been given without the smallest apparent allusion to it. Two flasks of vinegar and water were taken, and two drams of calomil were given, successively. I did not, however, feel any relief, and a copious discharge of the feces now manifested itself. But you may say,

"What does this have to do with the subject?" I will tell you. It is well known that the

the most remarkable thing I have ever seen. It  
is a very large tree, with a trunk about 10 feet  
in diameter, and a height of 100 feet. The  
branches are numerous and spreading, and the  
leaves are large and green. The tree is situated  
in a clearing in the forest, and is surrounded by  
other smaller trees and shrubs. The bark of the  
tree is smooth and grey, and the trunk is  
about 10 feet in diameter. The tree is very  
old, and has a hollow trunk. The tree is

During the short period of his illness he concentrated his time in the attainment of such few concerns as required his attention, with a certain serenity, and anticipated his approaching dissolution with every demonstration of that equanimity which had characterized his whole life had been so uniformly and singularly conspicuous.

The nature of Dr. Gustavus Brown, of Port-Tobacco, who worked as consulting physician, on account of the recency of his residence from the place, has not been referred to the foregoing statement.

### The Power of Radium at Your Disposal

Twenty-three years ago radium was unknown. Today it is known to contain above all else the power of the most unusual element - light in the dark. Through the Institute of Unidark, radium serves you safely and easily. Does Unidark really contain radium? More accurately, is its radium contained in exactly the proper amount so it will not fizzle which gives radium its ability to shine even in the dark?

Manufacturers have been quick to recognize the value of Unidark. They apply it to the doors of warehouses and locker rooms, to public bars, to the handles of beds, even doors to house number's flashlights, to your genuine guitars, harmonicas and many other articles which you frequently wish to see in the dark.

The next time youumble for a lighting match, bath your fingers in Unidark. Wonder vainly what time it is to the rest of the world - assembled in dark places in the dark. Dealers can supply you with all kinds of articles.

For interesting little folder, a book of the production of radium and the uses of Unidark address:

TELEGRAMS: RADIUM

### To Manufacturers

The number of manufacturers using radium which has been well increased and interest is spreading. From a sales stand point, it has been found that Unidark is a great aid to salesmen. When they are shown Unidark they are always impressed by its glow and are quick to learn how it may be applied to their products.

The application of Unidark is simple. It is furnished as a powder which is mixed with an adhesive. The paste thus formed is painted or made a brush. It adheres firmly to any surface.

## 1930s Shoe Fitting Fluoroscope

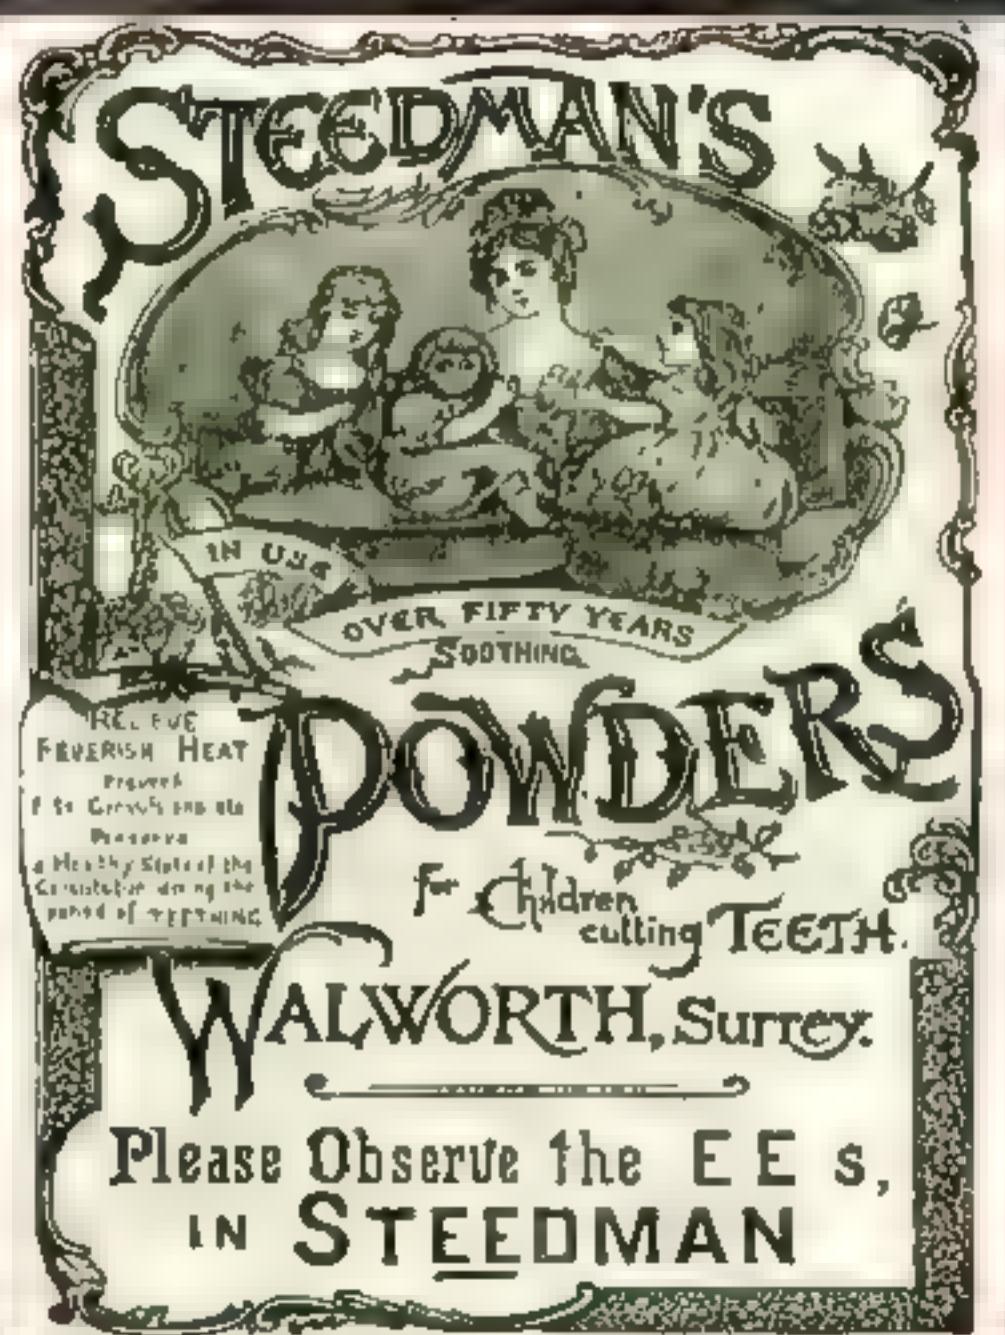

Step right up and see the bones in your feet! That's what many American children and adults did in shoe stores from the 1920s through the 1950s. Shoe-fitting fluoroscopes were advertised as the "scientific" way to check to see if shoes fit.

These machines were outlawed in all states by the 1960s, both in an effort to limit unnecessary exposure to radiation and because operators (shoe salespersons) had no special training. The machines were really only a novelty, requiring a complex apparatus over and touching your toes!

**1927 - Georges Lemaître, a Jesuit trained priest, proposed that the Universe was expanding based upon his observation on an apparent Red Shift of the spectral light of various galaxies.**

# Moving Away

For we dare not make ourselves of the number, or compare ourselves with some that commend themselves: but they measuring themselves by themselves, and comparing themselves among themselves, are not wise.  
2 Corinthians 10:12 (KJV)

Speed of light now measured against the wavelength of a cesium atom?????? . If everything is slowing down then measuring the speed of light would be a constant.

## Non-moving

In 1929, Edwin Hubble, an astronomer at Caltech, agreed with Lemaître's calculations.

$$v = H_o D \text{ or } D = v/H_o$$

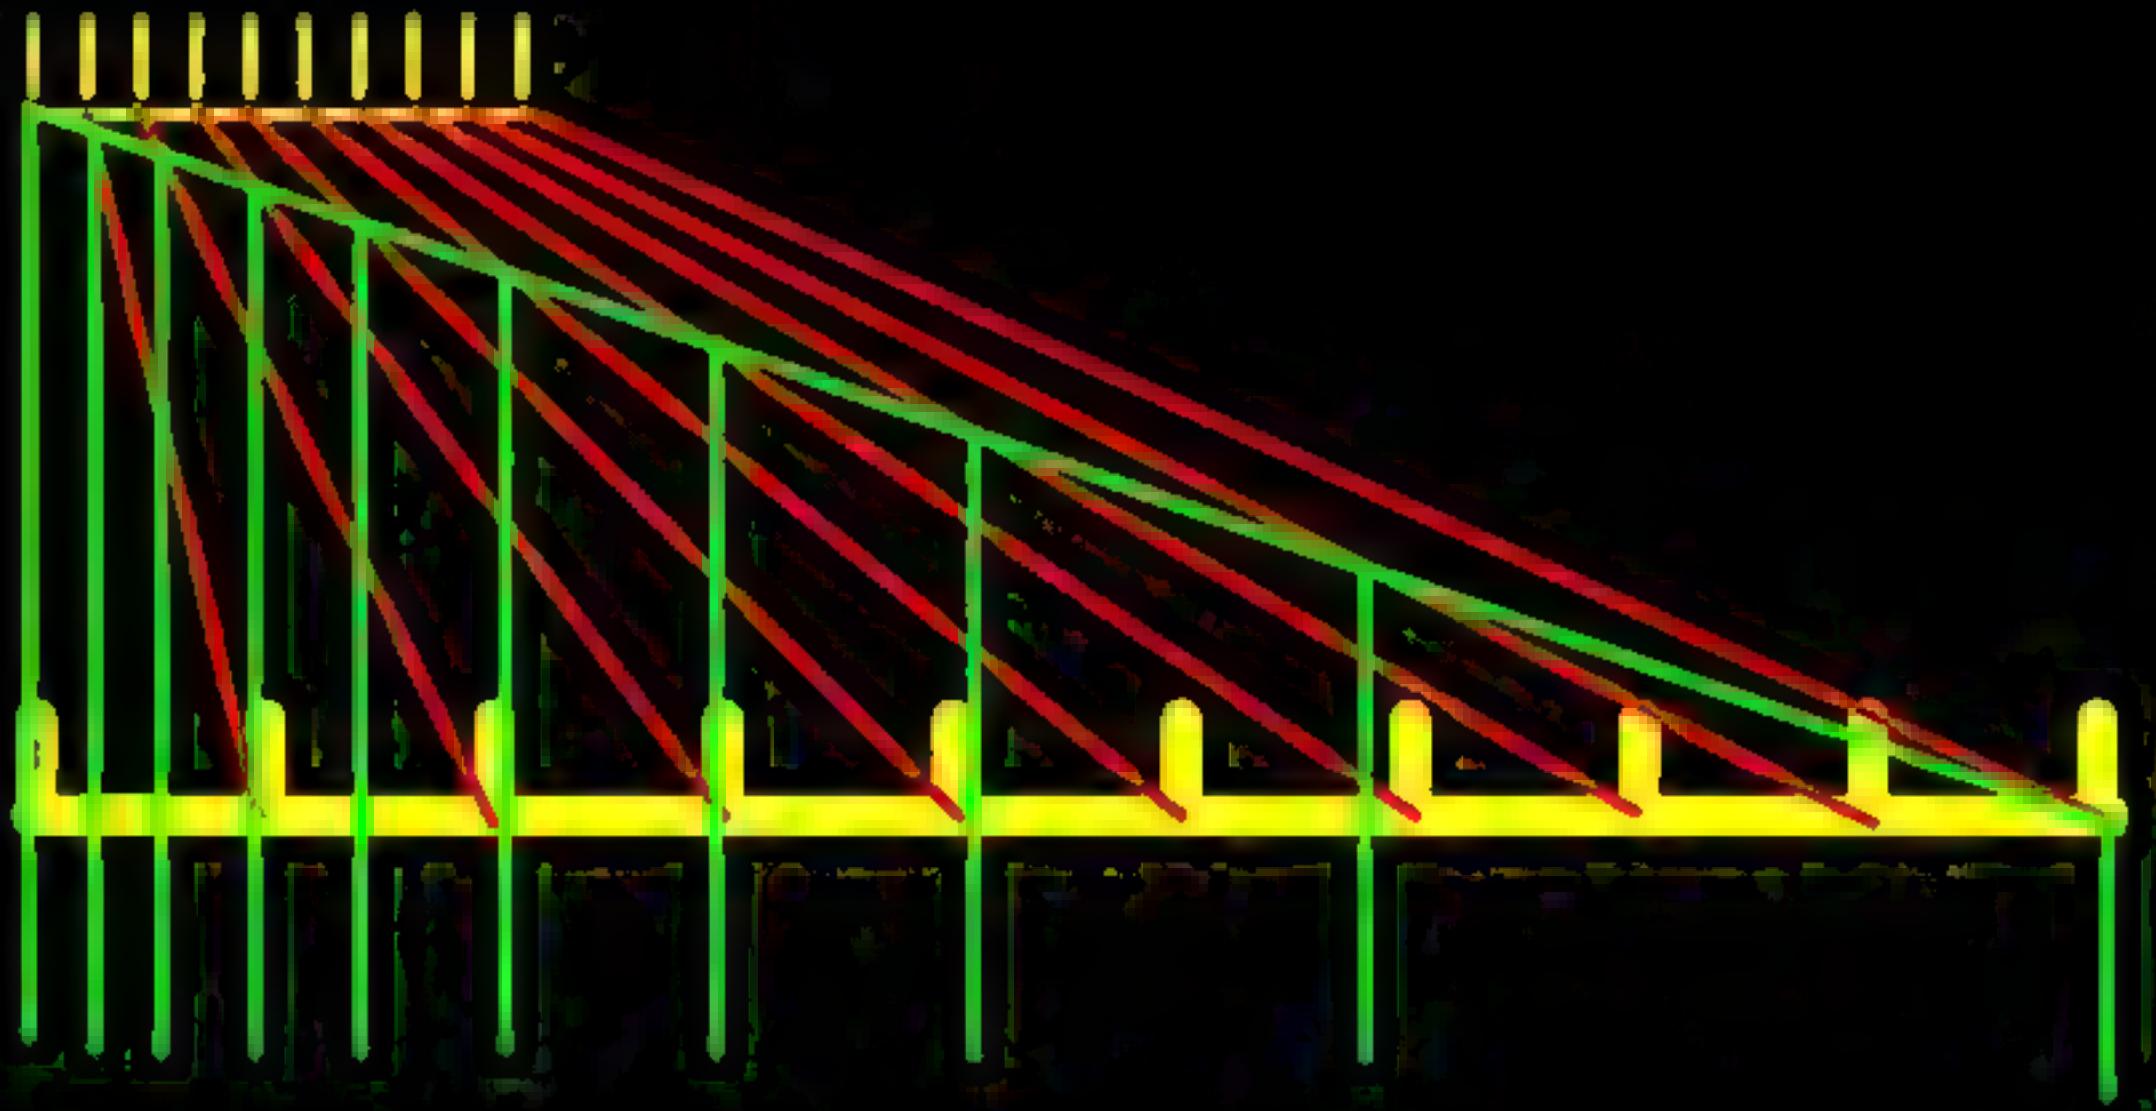

In 1990 the Hubble Space Telescope finally confirmed the red shift appears to imply that the universe is expanding.

But, instead of God causing the universe to expand secular scientists hypothesize ‘the big bang’, ‘dark energy’ and ‘dark matter’ as the cause of the expansion.

Secular scientists say The big bang means everything came into existence from nothing all by itself

Secular scientists say ‘dark matter’ holds spiral galaxies together while ‘dark energy’ does the opposite and causes the universe to expand.

### Question 1

#### What is Dark Matter?

# They don't know!

All the ordinary matter we can find accounts for only about 4 percent of the universe. We know this by calculating how much mass would be needed to hold galaxies together and cause them to move about the way they do when they gather in large clusters. Another way to weigh the unseen matter is to look at how gravity bends the light from distant objects. Every measure tells astronomers that most of the universe is invisible.

### Question 2

#### What is Dark Energy?

# They don't know!

Two recent discoveries from cosmology prove that ordinary matter and dark matter are still not enough to explain the structure of the universe. There's a third component out there, and it's not matter but some form of dark energy.

The first line of evidence for this mystery component comes from measurements of the geometry of the universe. Einstein theorized that all matter alters the shape of space and time around it. Therefore, the overall shape of the universe is governed by the total mass and energy within it. Recent studies of

But, the youth are not allowed to  
hear in the schools that the Bible  
has never been proven wrong!

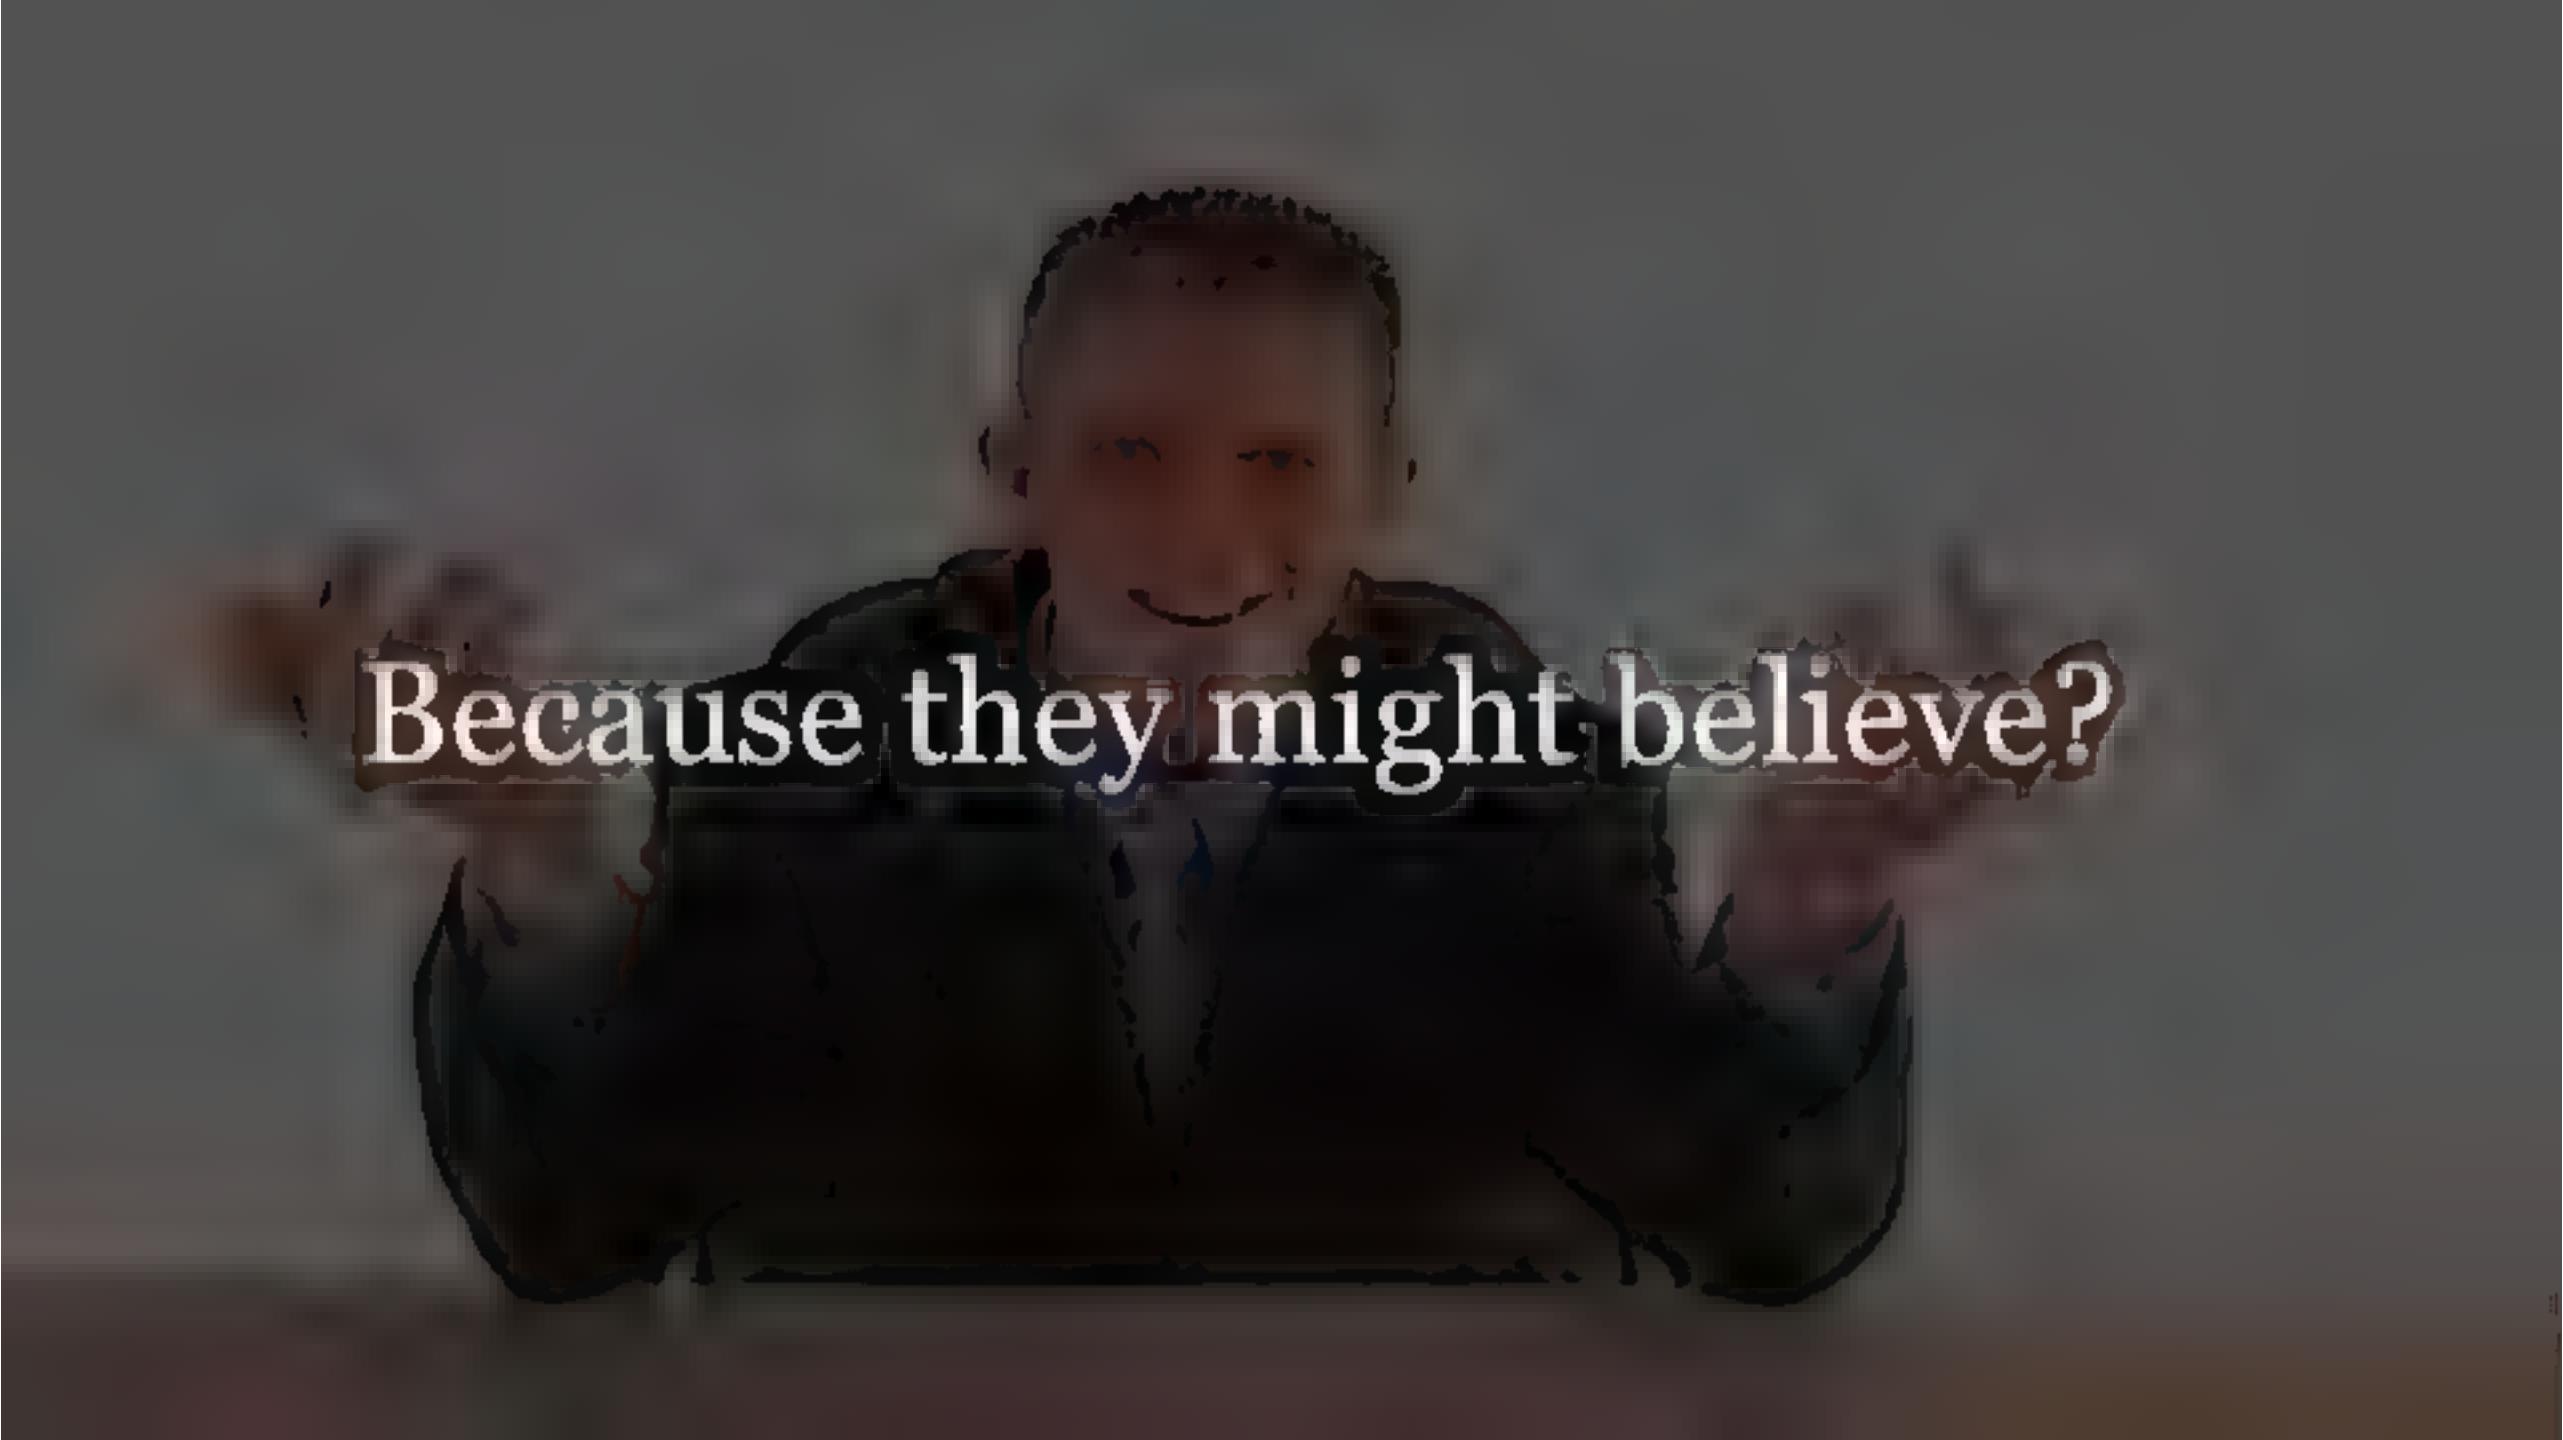

A dark, grainy photograph of a classroom. In the foreground, several students are seated at their desks, looking towards the front of the room. A teacher stands at the front of the classroom, facing the students. The lighting is low, creating a somber atmosphere.

Why aren't our youth taught  
this in the public  
(government) schools?

The schools do not teach that  
the Bible made accurate  
scientific statements more  
than 3,500+ years BEFORE  
modern science confirmed it.

A young child with dark skin and short hair is sitting on a light-colored couch. They are wearing a dark t-shirt and are looking slightly to their left with a thoughtful or questioning expression. The background is a plain, light-colored wall.

Why?

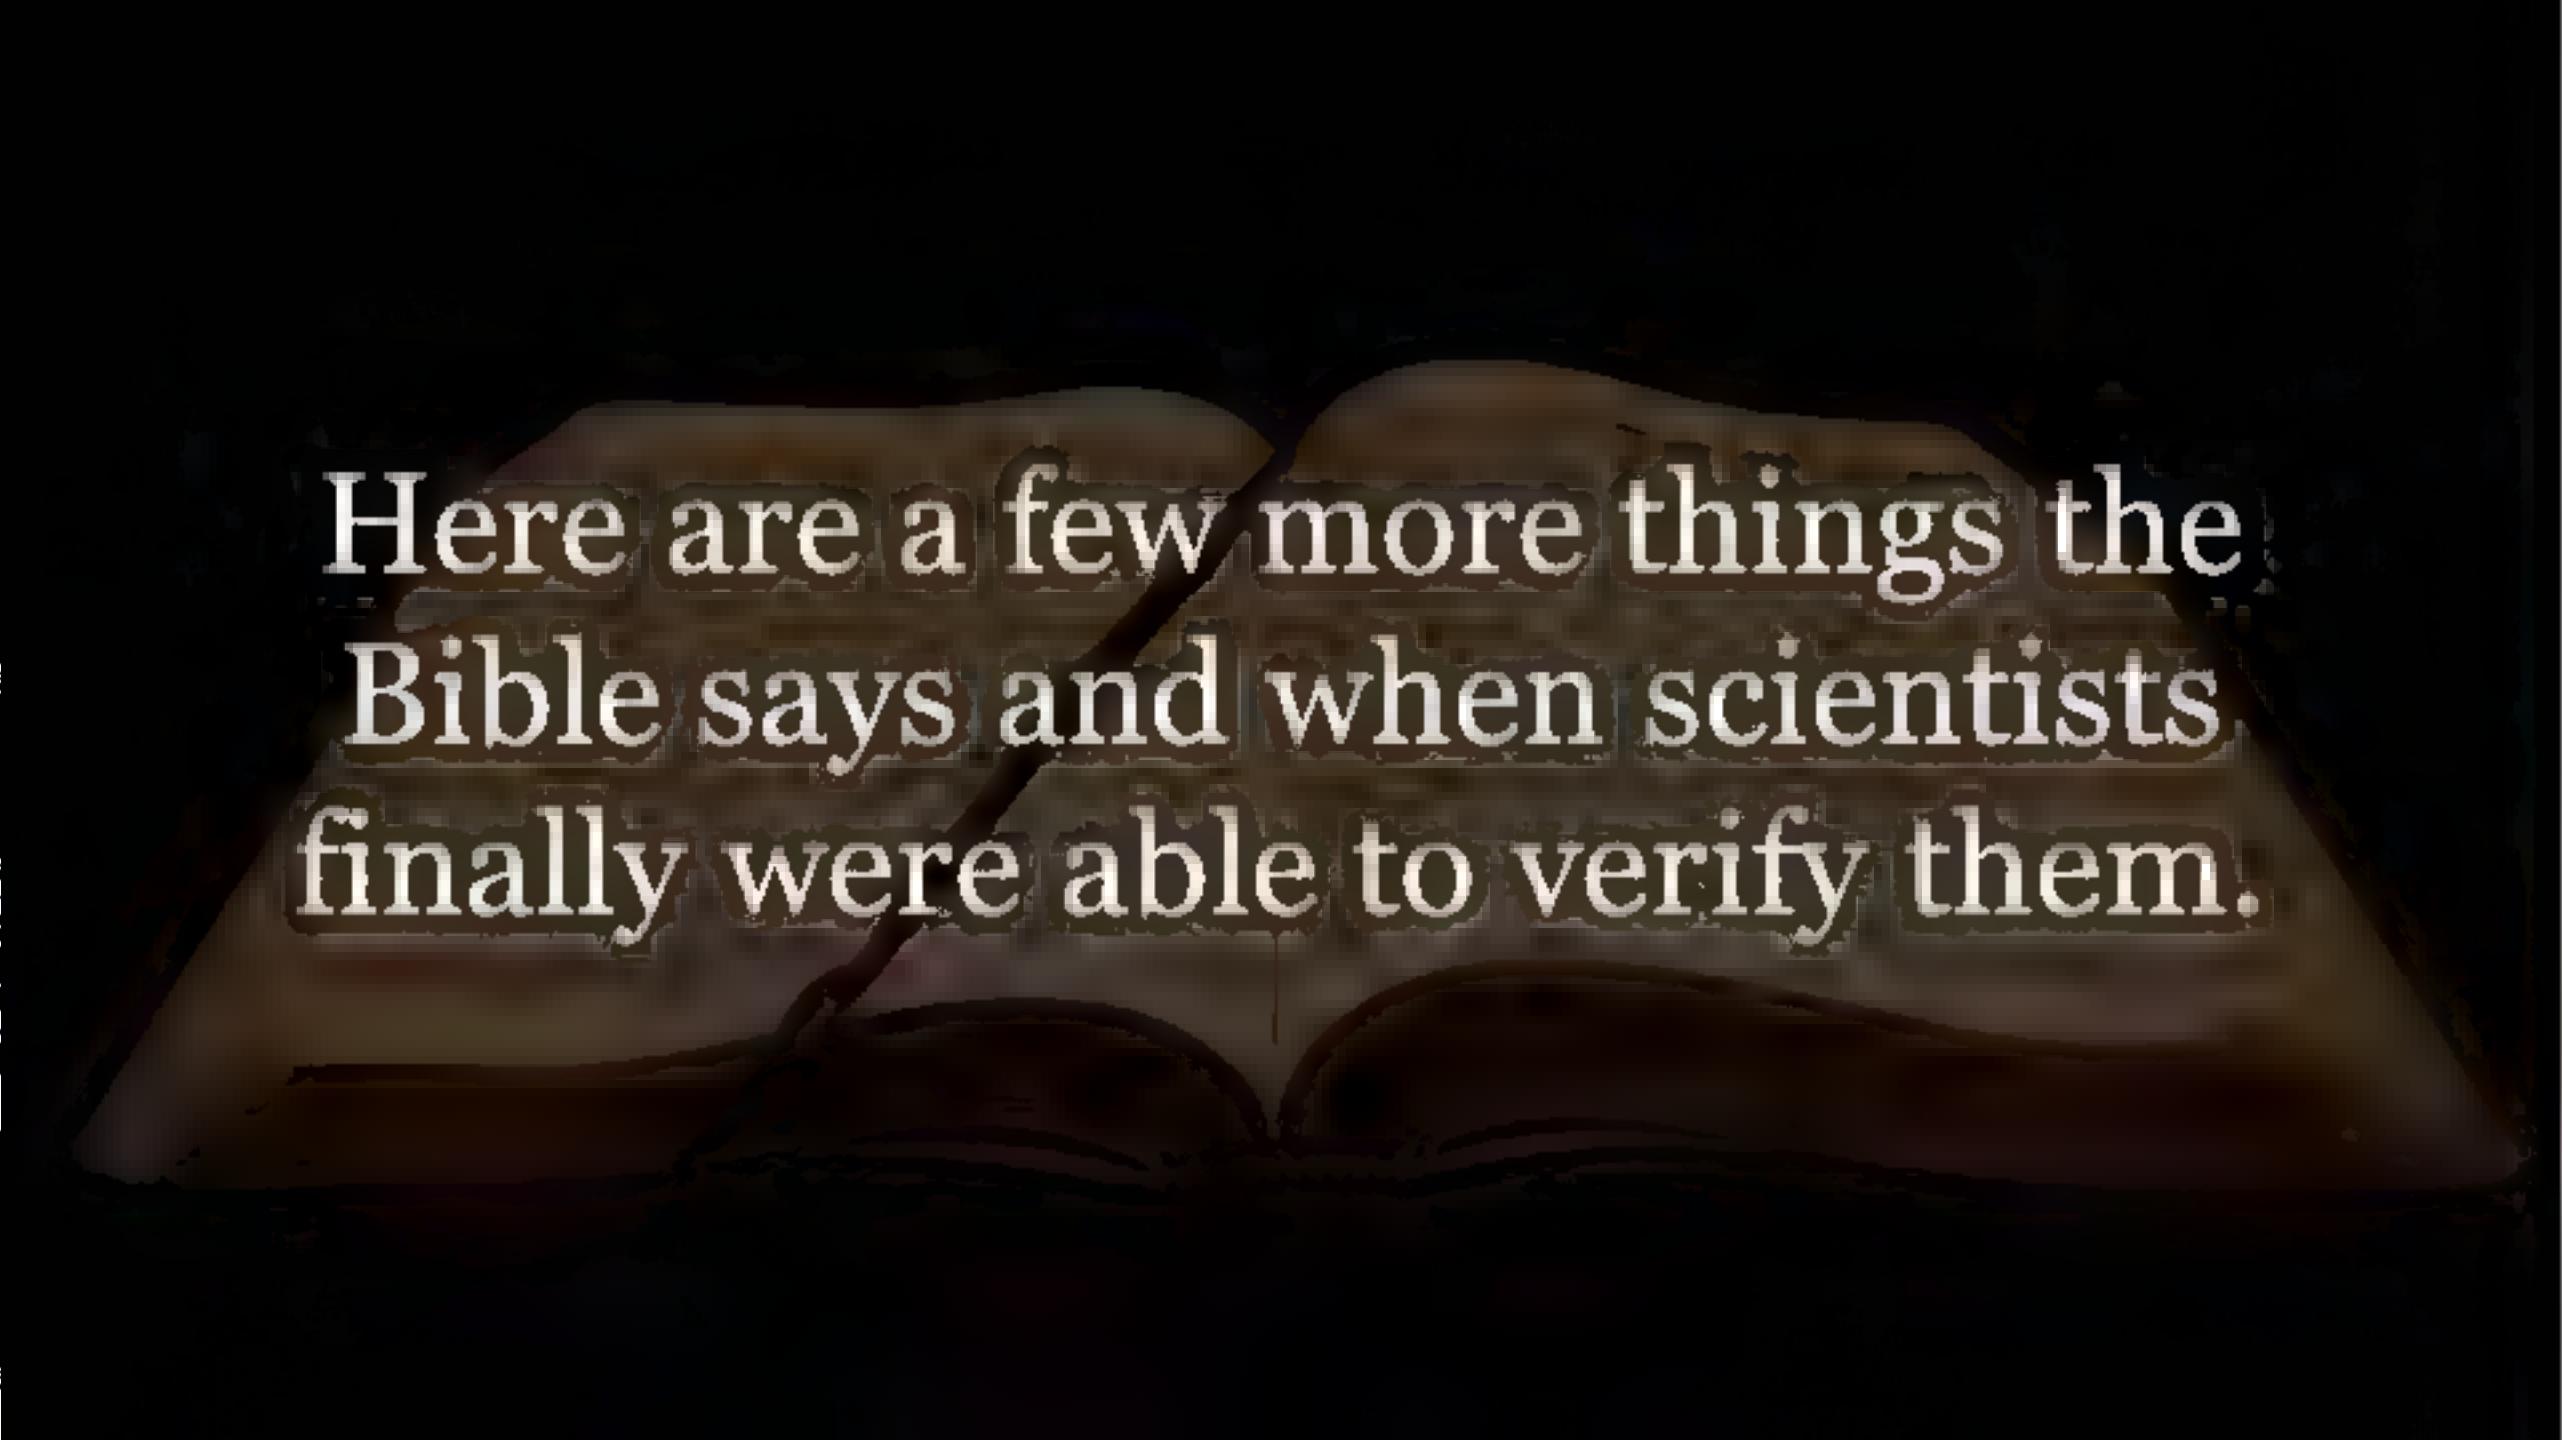

Because they might believe?

Jesus taught us  
“And now I have told you  
**before it come to pass,**  
that, when it is come to  
pass, ye might believe.”

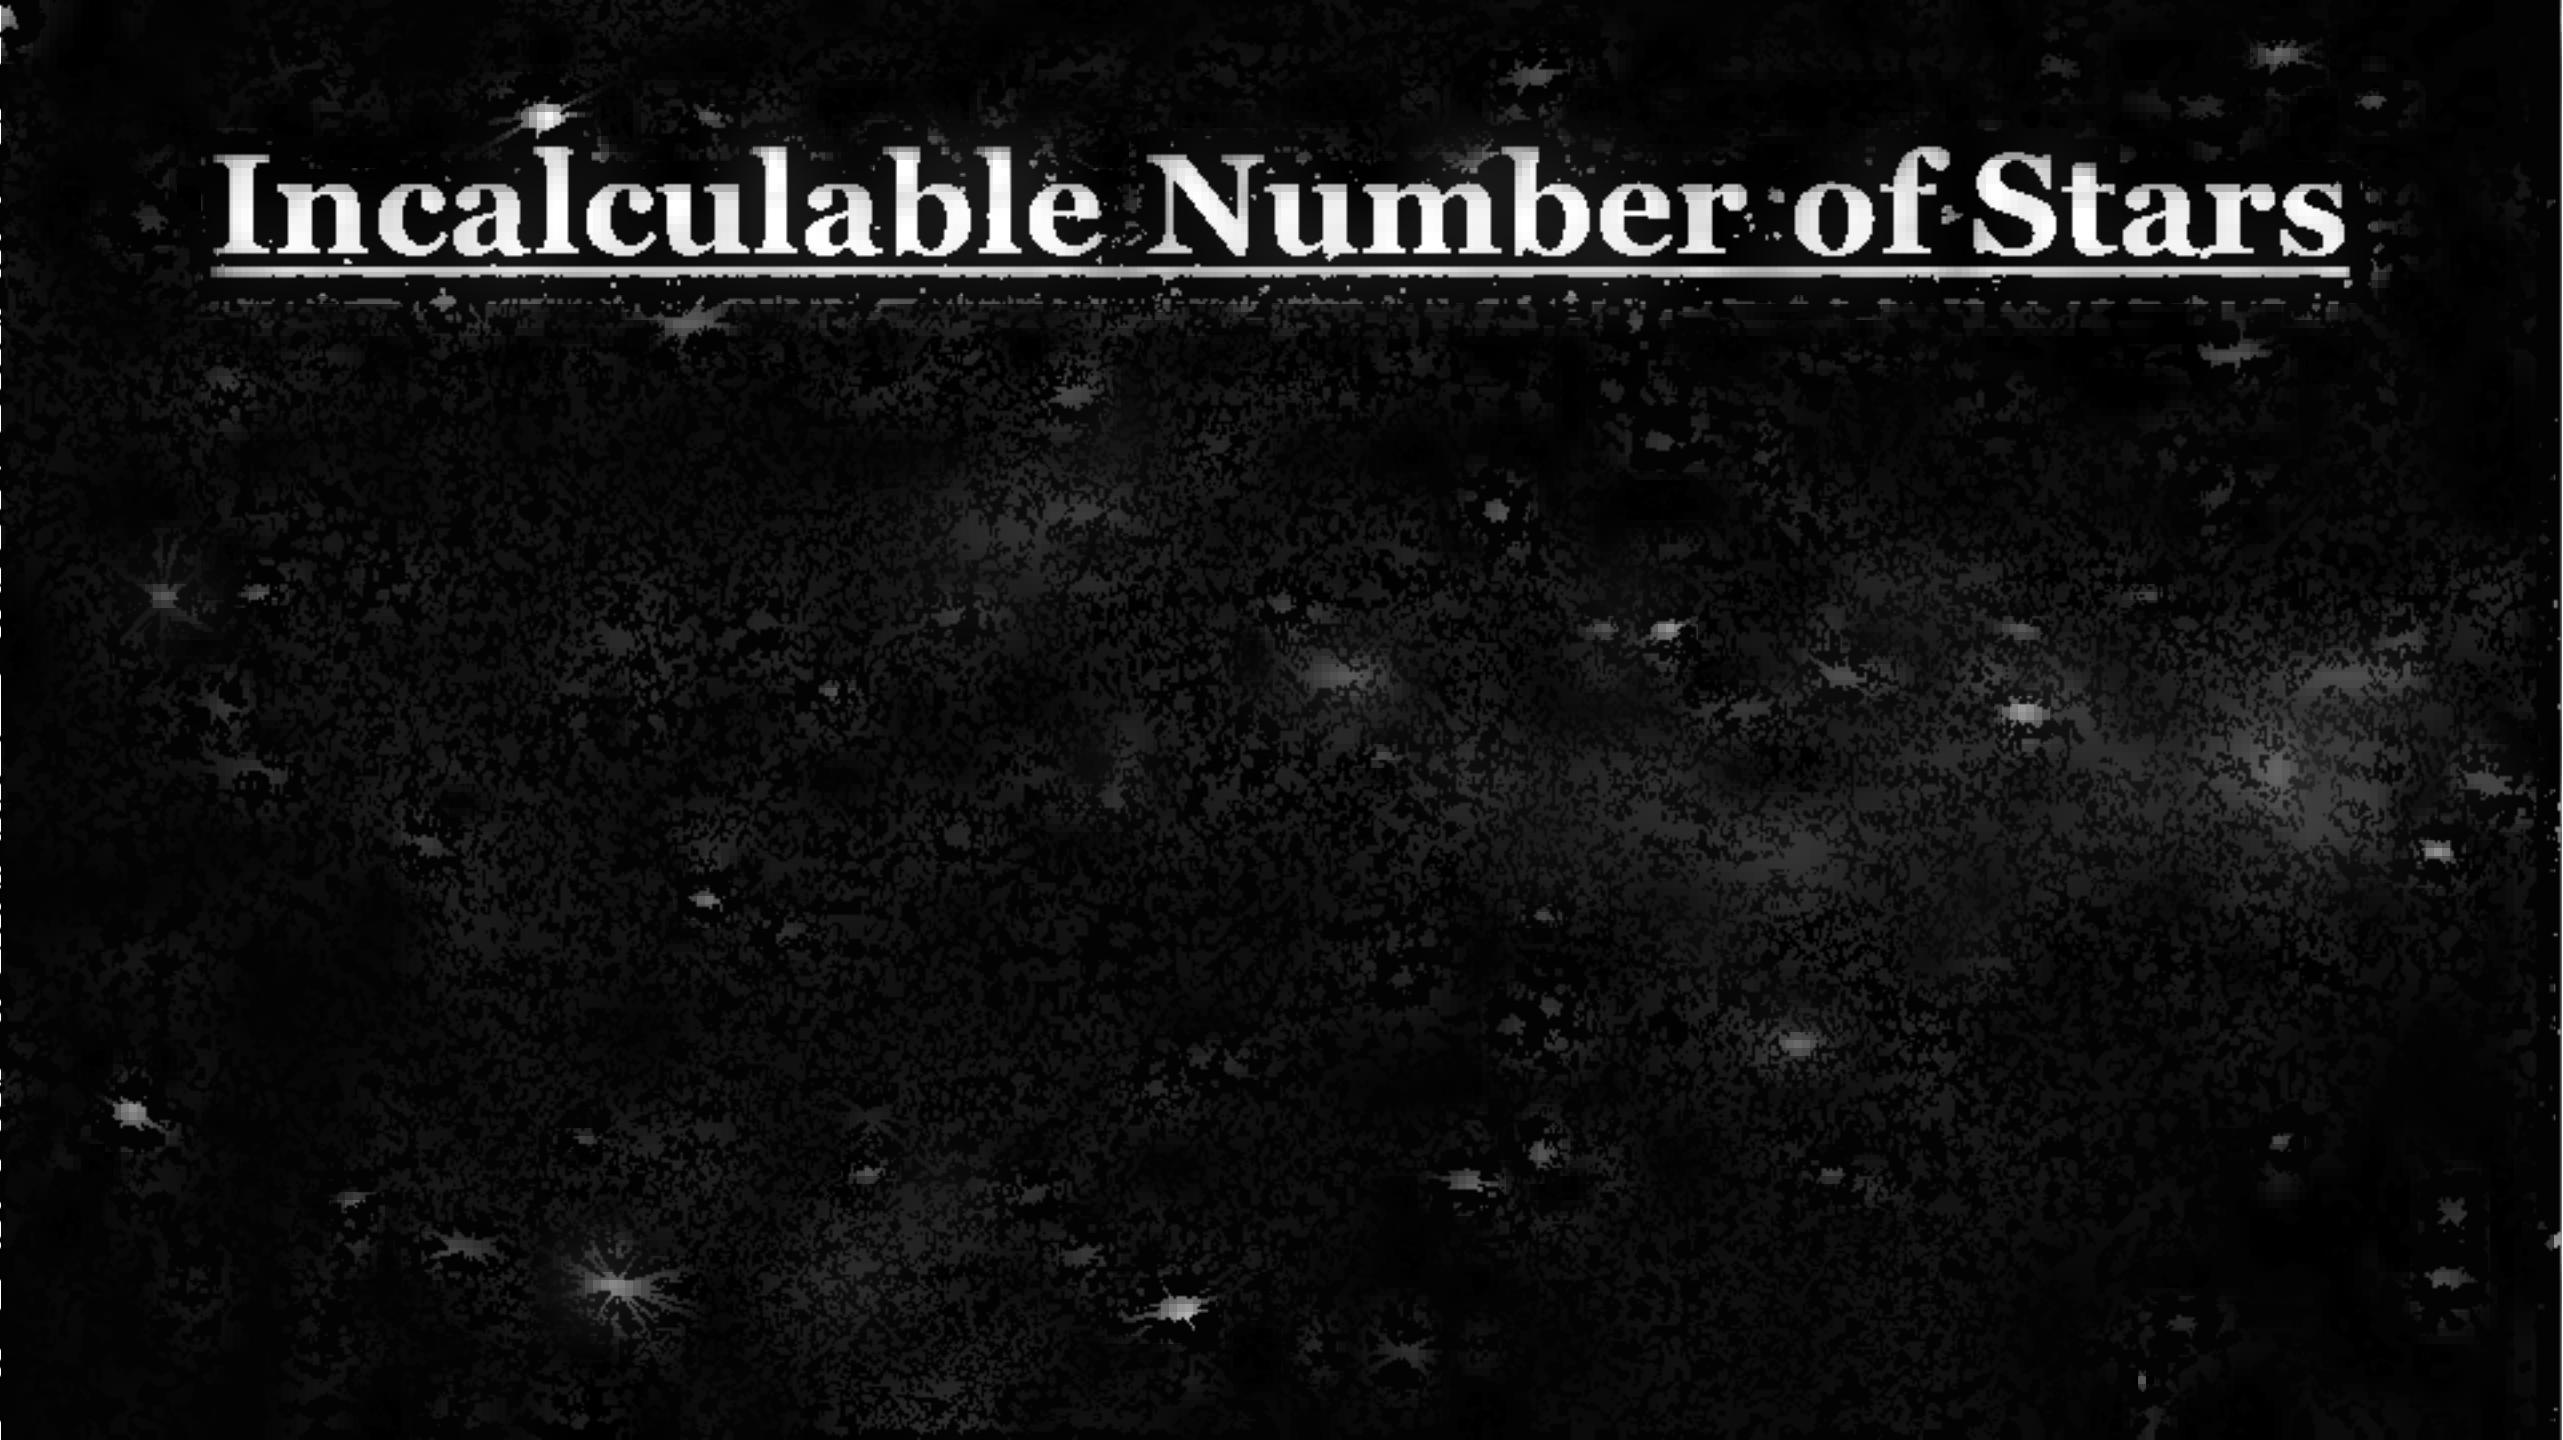

John 14:29 (KJV)

Here are a few more things the  
Bible says and when scientists  
finally were able to verify them.

# Incalculable Number of Stars

580 BC “As the host of heaven  
cannot be numbered”

Jeremiah 33:22 (KJV)

In 1515 Ptolemy only listed 1,028 stars that could be counted.

TO THE MOST  
HIGH AND MIGHTIE  
PRINCE, IAMBS BY THE GRACE  
OF GOD KING OF GREAT BRITAIN,  
France and Ireland, Defender of  
the Faith, &c.

**rong!** I am assured were the blessings you'd dread to see; which a thoughtless God, the Father of all men, befooled you as the people of Israel did, lest he cause your Adversaries to pull you down from your exaltation. But consider what the true Mission of man is, when he is sent well unto our Saviour that upon the first day of his birth (that is, when Jesus Christ was born) he was sent to appear unto us, under the similitude and palpable shadow of darkness itself; and when he came to us, there was should have been no trouble in making him to vanish, and that it should hardly be known where he was; the appearance you see in us now, as of the sun rising in the east, is evidently diff'rent in those respects and farre more, not more well off, but exceeding full of comfort, & security where we fight, & are moste stricken; though you'll say, you are not, and your impotent hand doth never strike at Lucifer, and this also doth distinguish you from Lucifer and transgression, the one and other.

A young African American boy with short, dark hair is the central figure. He is wearing a light-colored, button-down shirt. He is seated at a dark wooden desk, looking directly at the camera with a neutral to slightly thoughtful expression. His hands are clasped together on the desk in front of him. The background is a soft-focus indoor setting.

**Why aren't you taught this?**

A man with a mustache and short hair is sitting cross-legged on the floor in a dark room. He is surrounded by several glowing, colorful energy spheres of various sizes, primarily in shades of orange, red, and yellow. The background is dark, suggesting a cave or a密室 (secret room).

Because you might believe?

# Bottomline

The Bible has never been proven wrong!

TO THE MOST  
HIGH AND MIGHTIE  
KES BY THE GRACE  
of God Great Britain,

the Faith, Sec.

THE TRANSLATION OF THE  
BIBLE, with Grace, Mercie, and Peace, through  
JESUS CHRIST our Lord.

RE AD manfield were the blessings most dread in  
the world, when he was told, that the Father of all  
people of England had sent his son to make  
all persons unto him  
the high station of man  
a glorious inheritance well deserved, that upon the per-  
son of that mighty and merciful Saviour. But when  
some dark and palpable shades of darkness  
did hang over England, then men should have known doubt  
and that it should hardly be known, who was to  
appearment your King and Lord, as of the day before  
with such a dark cloude, these supposid and tormentid mistis, and such  
as were well affilied exceeding want of comfort, & perplexitoun we beheld  
that the greatest shadis breeden in your Kingdome, and your impotentie and  
ancontrie of teste, and this also accompanied with父子 and conyngoun, the  
fame and abroad.

But amysse tell her fayre storye who would saye more fitte our houses than the  
the fayre remouement of the Kingdome of Englysshme and entente to see  
what remouement ther were yet. In the firste of the roialme of her maie, the same  
the remouement entente to see what entente to the Kingdome of Englysshme  
was a great deale of work and suppys shewynge howe entente to appelle entente to a  
newe charden.

The Bible is what it is!  
The Bible says what it says!  
The Bible means what it says!

The Bible has never been proven wrong!  
Modern science is finally catching up to  
the Bible!

The Bible tells us simply,  
that God made a perfect  
world.

**Man wrecked it!  
We disobey!**

**That is called SIN!  
Now death came into the world.  
ALL will die. After death is the judgement.**

Several people are gathered around the vehicle, some appearing to be medical responders or police officers. In the background, another dark-colored car is parked on the side of the road.
